## PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *November 10, 1987.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *November 10, 1987.*
4. *Mr Morin-Strom*—Resolution—That, in the opinion of this House, recognizing the importance of the TransCanada Highway to our nation and to our province, the government of Ontario should upgrade the TransCanada Highway to a modern four-lane system through Northern Ontario to the Manitoba border, and that the government should immediately commence design and schedule construction to ensure completion across Northern Ontario by 1997. *November 18, 1987.*
9. *Mr Wildman*—Resolution—That, in the opinion of this House, the plans of the Canada Post Corporation to close, amalgamate or franchise many rural post offices and to eliminate or tender rural route services in order to reduce its operating deficit would reduce essential mail services from many rural Ontario communities, causing severe hardship and inconvenience to rural Ontarians, particularly the elderly and disabled; the Government of Ontario should urge the Government of Canada to halt, immediately, these plans to cut service and maintain and improve rural postal services across Ontario. *December 8, 1987.*
12. *Mr Runciman*—Resolution—That, in the opinion of this House, recognizing that there have been twenty-eight bank branch closures across Ontario between 1982 and 1986 which have left many small communities without adequate banking services, the Government of Ontario should review all requests for satellite banking services and establish Province of Ontario Savings Offices in those areas where population levels demonstrate a need for them and where financial benefit can be determined. *December 15, 1987.*
13. *Mr Sterling*—Resolution—That, in the opinion of this House, recognizing the devastating and lethal impact of tobacco on the health of our citizenry, and

recognizing the tobacco industry's attempt to advertise in a manner designed to undermine the health warnings of its hazardous product, the Government of Ontario should pursue every opportunity to express its support for the Federal Government's initiative, Bill C-51, the *Tobacco Products Control Act*, An Act to prohibit the advertising and promotion and respecting the labelling and monitoring of tobacco products. *December 15, 1987.*

23. *Mr Runciman*—Resolution—That, in the opinion of this House, the Premier of Ontario should institute a system whereby any supplementary appropriations approved by Management Board of Cabinet are referred within 15 days of approval to the Standing Committee on Public Accounts for its consideration. *April 18, 1988.*
28. *Mrs Marland*—Resolution—That, in the opinion of this House, the government's MISA program, which only covers companies dumping industrial effluent directly into the province's waterways, should be extended to now include the additional 97.5 per cent of water polluters in this province that are dumping into the province's municipal sewer systems. *May 9, 1988.*
30. *Mrs Marland*—Resolution—That, in the opinion of this House, the Government of Ontario should designate municipal waste disposal as a matter of "provincial interest" under Section 2 of the Planning Act, 1983; and that the Government should establish regional waste management councils for the purpose of co-ordinating regional waste management strategies and assisting Municipalities in dealing, on a long-term and co-operative basis, with the current municipal waste management crisis in Ontario. *May 11, 1988.*
35. *Mr Brandt*—Resolution—That, in the opinion of this House, this Legislature should pay special tribute to the Armenian people of Ontario on the 100th anniversary of their arrival in Canada and the 70th anniversary of the Armenian republic; and this Legislature, on behalf of the people of Ontario, applauds the unique contribution of the Armenian community to the multicultural fabric of our society; furthermore, this Legislature respectfully remembers the thousands of Armenians killed at the beginning of this century and the suffering experienced by the Armenian people as a result of this atrocity. *May 19, 1988.*
36. *Mr Jackson*—Resolution—That the Standing Committee on Social Development be directed to consider and report to the House by November 30, 1988 on the problem of sexual assault in the province;

That the committee shall conduct its inquiry in three phases:

- a) In the first phase, to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;

- b) In the second phase, to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee shall have authority to adjourn from place to place in Ontario, and a full Hansard service shall be provided for the committee. *May 25, 1988.*

- 38. *Mr Runciman*—Resolution—That, in the opinion of this House, the Government should introduce legislation applying guidelines similar to the cabinet conflict of interest guidelines and that this legislation should be applicable to senior civil servants. *May 26, 1988.*
- 39. *Mr Jackson*—Resolution—That, in the opinion of this House, the Standing Committee on Social Development or some other committee should be directed to consider and report to the House on the problem of sexual assault in the province;

That, working with the Ontario Women's Directorate, the committee should conduct its inquiry in three subject areas:

- (b) to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;

- (c) to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee should have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon resumption of meetings of the House, the chairman of the committee should bring such reports before the House in accordance with the Standing Orders;

That the committee should have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to the approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee should have authority to adjourn from place to place in Ontario, and a full Hansard service should be provided for the committee. *June 8, 1988.*

41. *Mr McGuigan*—Resolution—That, in the opinion of this House, the Minister of Agriculture and Food should develop a lease form for voluntary use by owners and renters of farm land that would give credits to the leasor for leasor financed long-term conservation measures which, when totalled at the end of the lease period, would recompense the lessee for the residual value of the improvements to the land owned or controlled by the leasor and which would, at the end of the lease period, recompense the leasor for the deterioration or damage due to faulty tillage and farming practices to the land owned or controlled by the leasor; and that the Minister should provide personnel to act as evaluators and arbitrators in the event that disputes over the residual value of the soil building and conservation measures develop at the time of termination of the lease and in the event that arbitration fails, the Minister should provide expert witnesses when such disputes are taken to a court of civil law for settlement and that the Minister, as a long-term policy, should advertise, promote and encourage the use of such lease agreements in the Province of Ontario. *June 27, 1988.*

### GOVERNMENT MOTION

11. *Debated April 25, 26, 27, 28; May 4, 5, 9, 19, 30; and June 2, 1988.*

## PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *November 10, 1987.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *November 10, 1987.*
4. *Mr Morin-Strom*—Resolution—That, in the opinion of this House, recognizing the importance of the TransCanada Highway to our nation and to our province, the government of Ontario should upgrade the TransCanada Highway to a modern four-lane system through Northern Ontario to the Manitoba border, and that the government should immediately commence design and schedule construction to ensure completion across Northern Ontario by 1997. *November 18, 1987.*
9. *Mr Wildman*—Resolution—That, in the opinion of this House, the plans of the Canada Post Corporation to close, amalgamate or franchise many rural post offices and to eliminate or tender rural route services in order to reduce its operating deficit would reduce essential mail services from many rural Ontario communities, causing severe hardship and inconvenience to rural Ontarians, particularly the elderly and disabled; the Government of Ontario should urge the Government of Canada to halt, immediately, these plans to cut service and maintain and improve rural postal services across Ontario. *December 8, 1987.*
12. *Mr Runciman*—Resolution—That, in the opinion of this House, recognizing that there have been twenty-eight bank branch closures across Ontario between 1982 and 1986 which have left many small communities without adequate banking services, the Government of Ontario should review all requests for satellite banking services and establish Province of Ontario Savings Offices in those areas where population levels demonstrate a need for them and where financial benefit can be determined. *December 15, 1987.*
13. *Mr Sterling*—Resolution—That, in the opinion of this House, recognizing the devastating and lethal impact of tobacco on the health of our citizenry, and

recognizing the tobacco industry's attempt to advertise in a manner designed to undermine the health warnings of its hazardous product, the Government of Ontario should pursue every opportunity to express its support for the Federal Government's initiative, Bill C-51, the *Tobacco Products Control Act*, An Act to prohibit the advertising and promotion and respecting the labelling and monitoring of tobacco products. *December 15, 1987.*

23. *Mr Runciman*—Resolution—That, in the opinion of this House, the Premier of Ontario should institute a system whereby any supplementary appropriations approved by Management Board of Cabinet are referred within 15 days of approval to the Standing Committee on Public Accounts for its consideration. *April 18, 1988.*
28. *Mrs Marland*—Resolution—That, in the opinion of this House, the government's MISA program, which only covers companies dumping industrial effluent directly into the province's waterways, should be extended to now include the additional 97.5 per cent of water polluters in this province that are dumping into the province's municipal sewer systems. *May 9, 1988.*
30. *Mrs Marland*—Resolution—That, in the opinion of this House, the Government of Ontario should designate municipal waste disposal as a matter of "provincial interest" under Section 2 of the Planning Act, 1983; and that the Government should establish regional waste management councils for the purpose of co-ordinating regional waste management strategies and assisting Municipalities in dealing, on a long-term and co-operative basis, with the current municipal waste management crisis in Ontario. *May 11, 1988.*
35. *Mr Brandt*—Resolution—That, in the opinion of this House, this Legislature should pay special tribute to the Armenian people of Ontario on the 100th anniversary of their arrival in Canada and the 70th anniversary of the Armenian republic; and this Legislature, on behalf of the people of Ontario, applauds the unique contribution of the Armenian community to the multicultural fabric of our society; furthermore, this Legislature respectfully remembers the thousands of Armenians killed at the beginning of this century and the suffering experienced by the Armenian people as a result of this atrocity. *May 19, 1988.*
36. *Mr Jackson*—Resolution—That the Standing Committee on Social Development be directed to consider and report to the House by November 30, 1988 on the problem of sexual assault in the province;

That the committee shall conduct its inquiry in three phases:

- a) In the first phase, to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;

- b) In the second phase, to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;
- c) And in the third phase, to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon the resumption of meetings of the House, the chairman of the committee shall bring such reports before the House in accordance with the Standing Orders;

That the committee have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee shall have authority to adjourn from place to place in Ontario, and a full Hansard service shall be provided for the committee. *May 25, 1988.*

- 38. *Mr Runciman*—Resolution—That, in the opinion of this House, the Government should introduce legislation applying guidelines similar to the cabinet conflict of interest guidelines and that this legislation should be applicable to senior civil servants. *May 26, 1988.*
- 39. *Mr Jackson*—Resolution—That, in the opinion of this House, the Standing Committee on Social Development or some other committee should be directed to consider and report to the House on the problem of sexual assault in the province;

That, working with the Ontario Women's Directorate, the committee should conduct its inquiry in three subject areas:

- (a) to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;
- (b) to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;

- (c) to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee should have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon resumption of meetings of the House, the chairman of the committee should bring such reports before the House in accordance with the Standing Orders;

That the committee should have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to the approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee should have authority to adjourn from place to place in Ontario, and a full Hansard service should be provided for the committee. *June 8, 1988.*

41. *Mr McGuigan—Resolution—That, in the opinion of this House, the Minister of Agriculture and Food should develop a lease form for voluntary use by owners and renters of farm land that would give credits to the leasor for leasor financed long-term conservation measures which, when totalled at the end of the lease period, would recompense the lessee for the residual value of the improvements to the land owned or controlled by the leasor and which would, at the end of the lease period, recompense the leasor for the deterioration or damage due to faulty tillage and farming practices to the land owned or controlled by the leasor; and that the Minister should provide personnel to act as evaluators and arbitrators in the event that disputes over the residual value of the soil building and conservation measures develop at the time of termination of the lease and in the event that arbitration fails, the Minister should provide expert witnesses when such disputes are taken to a court of civil law for settlement and that the Minister, as a long-term policy, should advertise, promote and encourage the use of such lease agreements in the Province of Ontario. *June 27, 1988.**
42. *Mr Jackson—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs shall ensure that for the 7 (seven) weekdays preceding the last day for filing applications for revision of the preliminary elector list for the November municipal elections, a municipal elections enumeration officer is posted in a conspicuous location at each community college, university and polytechnical institution in Ontario for the purpose of enumerating students for the municipal elections. *October 17, 1988.**
46. *Mr Eves—Resolution—That, in the opinion of this House, recognizing that the tragic death of Lester Donaldson this past summer has once again brought into question the issue of race relations and the criminal justice system, and recognizing that this issue was previously dealt with following the tragic death of Albert Johnson several years ago, and recognizing the importance of both equality before the law and the public perception of equality before the law, the Attorney General immediately should refer the issue of race relations and the criminal justice system to the Standing Com-*

mittee on Administration of Justice for public hearings, review and recommendations. *October 18, 1988.*

53. *Mr McGuinty*—Resolution—That, in the opinion of this House, the positive initiatives of the Government of Ontario since May 1985 regarding Eastern Ontario Economic Development be commended and supported and that the Government of Ontario be urged to continue this new higher level of support and encourage the Government of Canada to support these efforts. *December 14, 1988.*
54. *Mr Morin*—Resolution—That, in the opinion of this House, the Government of Ontario, the municipalities and the banking institutions should enter into an agreement whereby recipients of welfare and social assistance cheques are provided with identification cards that would give them easy access to banking services without having to resort to using cheque cashing services for a percentage fee. *December 15, 1988.*
55. *Mr Adams*—Resolution—That, in the opinion of this House, the Government of Ontario be commended for such actions as establishing the Premier's Council and the Environment Council which demonstrate an awareness of the importance of strategic, long-term planning; and that, in keeping with this commitment, and recognizing Southern Ontario is experiencing growth as rapid as any in the world, the Premier should establish, at the earliest possible date, a high profile inquiry similar to the Premier's Council which will provide an overall coordinated strategy for growth for the whole province, and that this inquiry should
  - (a) advise the Government of the likely magnitude, alternative forms of, and means of accommodating future growth in the Province;
  - (b) examine the impact of the Greater Toronto Area's unparalleled urban growth on outlying rural communities in the Province;
  - (c) consider the planning implications of this growth for rapidly growing smaller communities within a 300 kilometre radius of Metro;
  - (d) recommend appropriate actions to ensure that development is sustainable, environmentally sound, and does not jeopardize the long-term interests of Ontarians; and

That adequate resources should be allocated for such an inquiry. *January 4, 1989.*

56. *Mr Reycraft*—Resolution—That, in the opinion of this House, recognizing that agriculture continues to be a vital component of the Ontario economy and contributes significantly to the social and cultural character of the province; and recognizing that general awareness of the nature and importance of the agri-food system in Ontario has diminished as the province has become increasingly urbanized; and further recognizing that it is essential to present topics addressing the social and economic importance of the agri-food system to Ontarians through integration into the curricula of both elementary and secondary schools; the Government of Ontario, through

the Ministry of Agriculture and Food, should establish a provincial headquarters for the Agriculture in the Classroom program, to function as a collection and distribution centre for learning materials and as a learning centre for teachers and students. *January 4, 1989.*

## PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the Standing Order 71 (d).)*

Ballot Item No. 51—*To be debated on Thursday, January 5, 1989.*

*Mr McGuinty*—Resolution—That, in the opinion of this House, the positive initiatives of the Government of Ontario since May 1985 regarding Eastern Ontario Economic Development be commended and supported and that the Government of Ontario be urged to continue this new higher level of support and encourage the Government of Canada to support these efforts.

Ballot Item No. 52—*To be debated on Thursday, January 5, 1989.*

*Mr McGuigan*—Resolution—That, in the opinion of this House, the Minister of Agriculture and Food should develop a lease form for voluntary use by owners and renters of farm land that would give credits to the leasor for leasor financed long-term conservation measures which, when totalled at the end of the lease period, would recompense the leasee for the residual value of the improvements to the land owned or controlled by the leasor and which would, at the end of the lease period, recompense the leasor for the deterioration or damage due to faulty tillage and farming practices to the land owned or controlled by the leasor; and that the Minister should provide personnel to act as evaluators and arbitrators in the event that disputes over the residual value of the soil building and conservation measures develop at the time of termination of the lease and in the event that arbitration fails, the Minister should provide expert witnesses when such disputes are taken to a court of civil law for settlement and that the Minister, as a long-term policy, should advertise, promote and encourage the use of such lease agreements in the Province of Ontario.

Ballot Item No. 53—*To be debated on Thursday, January 12, 1989.*

*Mr Adams*—Resolution—That, in the opinion of this House, the Government of Ontario be commended for such actions as establishing the Premier's Council and the Environment Council which demonstrate an awareness of the importance of strategic, long-term planning; and that, in keeping with this commitment, and recognizing Southern Ontario is experiencing growth as rapid as any in the world, the Premier should establish, at the earliest possible date, a high profile inquiry similar to the Premier's Council which will provide an overall coordinated strategy for growth for the whole province, and that this inquiry should

- (a) advise the Government of the likely magnitude, alternative forms of, and means of accommodating future growth in the Province;
- (b) examine the impact of the Greater Toronto Area's unparalleled urban growth on outlying rural communities in the Province;
- (c) consider the planning implications of this growth for rapidly growing smaller communities within a 300 kilometre radius of Metro;

- (d) recommend appropriate actions to ensure that development is sustainable, environmentally sound, and does not jeopardize the long-term interests of Ontarians; and

That adequate resources should be allocated for such an inquiry.

Ballot Item No. 54—*To be debated on Thursday, January 12, 1989.*

*Second Reading* Bill 198, An Act to amend the Limitations Act. *Mr Cooke* (Kitchener).

Ballot Item No. 55—*To be debated on Thursday, January 19, 1989.*

*Mr Morin*—Resolution—That, in the opinion of this House, the Government of Ontario, the municipalities and the banking institutions should enter into an agreement whereby recipients of welfare and social assistance cheques are provided with identification cards that would give them easy access to banking services without having to resort to using cheque cashing services for a percentage fee.

Ballot Item No. 56—*To be debated on Thursday, January 19, 1989.*

*Mr Reycraft*—Resolution—That, in the opinion of this House, recognizing that agriculture continues to be a vital component of the Ontario economy and contributes significantly to the social and cultural character of the province; and recognizing that general awareness of the nature and importance of the agri-food system in Ontario has diminished as the province has become increasingly urbanized; and further recognizing that it is essential to present topics addressing the social and economic importance of the agri-food system to Ontarians through integration into the curricula of both elementary and secondary schools; the Government of Ontario, through the Ministry of Agriculture and Food, should establish a provincial headquarters for the Agriculture in the Classroom program, to function as a collection and distribution centre for learning materials and as a learning centre for teachers and students.

### GOVERNMENT MOTION

11. *Debated April 25, 26, 27, 28; May 4, 5, 9, 19, 30; and June 2, 1988.*

## PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *November 10, 1987.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *November 10, 1987.*
4. *Mr Morin-Strom*—Resolution—That, in the opinion of this House, recognizing the importance of the TransCanada Highway to our nation and to our province, the government of Ontario should upgrade the TransCanada Highway to a modern four-lane system through Northern Ontario to the Manitoba border, and that the government should immediately commence design and schedule construction to ensure completion across Northern Ontario by 1997. *November 18, 1987.*
9. *Mr Wildman*—Resolution—That, in the opinion of this House, the plans of the Canada Post Corporation to close, amalgamate or franchise many rural post offices and to eliminate or tender rural route services in order to reduce its operating deficit would reduce essential mail services from many rural Ontario communities, causing severe hardship and inconvenience to rural Ontarians, particularly the elderly and disabled; the Government of Ontario should urge the Government of Canada to halt, immediately, these plans to cut service and maintain and improve rural postal services across Ontario. *December 8, 1987.*
12. *Mr Runciman*—Resolution—That, in the opinion of this House, recognizing that there have been twenty-eight bank branch closures across Ontario between 1982 and 1986 which have left many small communities without adequate banking services, the Government of Ontario should review all requests for satellite banking services and establish Province of Ontario Savings Offices in those areas where population levels demonstrate a need for them and where financial benefit can be determined. *December 15, 1987.*
13. *Mr Sterling*—Resolution—That, in the opinion of this House, recognizing the devastating and lethal impact of tobacco on the health of our citizenry, and

recognizing the tobacco industry's attempt to advertise in a manner designed to undermine the health warnings of its hazardous product, the Government of Ontario should pursue every opportunity to express its support for the Federal Government's initiative, Bill C-51, the *Tobacco Products Control Act*, An Act to prohibit the advertising and promotion and respecting the labelling and monitoring of tobacco products. *December 15, 1987.*

23. *Mr Runciman*—Resolution—That, in the opinion of this House, the Premier of Ontario should institute a system whereby any supplementary appropriations approved by Management Board of Cabinet are referred within 15 days of approval to the Standing Committee on Public Accounts for its consideration. *April 18, 1988.*
28. *Mrs Marland*—Resolution—That, in the opinion of this House, the government's MISA program, which only covers companies dumping industrial effluent directly into the province's waterways, should be extended to now include the additional 97.5 per cent of water polluters in this province that are dumping into the province's municipal sewer systems. *May 9, 1988.*
30. *Mrs Marland*—Resolution—That, in the opinion of this House, the Government of Ontario should designate municipal waste disposal as a matter of "provincial interest" under Section 2 of the Planning Act, 1983; and that the Government should establish regional waste management councils for the purpose of co-ordinating regional waste management strategies and assisting Municipalities in dealing, on a long-term and co-operative basis, with the current municipal waste management crisis in Ontario. *May 11, 1988.*
35. *Mr Brandt*—Resolution—That, in the opinion of this House, this Legislature should pay special tribute to the Armenian people of Ontario on the 100th anniversary of their arrival in Canada and the 70th anniversary of the Armenian republic; and this Legislature, on behalf of the people of Ontario, applauds the unique contribution of the Armenian community to the multicultural fabric of our society; furthermore, this Legislature respectfully remembers the thousands of Armenians killed at the beginning of this century and the suffering experienced by the Armenian people as a result of this atrocity. *May 19, 1988.*
36. *Mr Jackson*—Resolution—That the Standing Committee on Social Development be directed to consider and report to the House by November 30, 1988 on the problem of sexual assault in the province;

That the committee shall conduct its inquiry in three phases:

- a) In the first phase, to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;

- b) In the second phase, to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;
- c) And in the third phase, to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon the resumption of meetings of the House, the chairman of the committee shall bring such reports before the House in accordance with the Standing Orders;

That the committee have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee shall have authority to adjourn from place to place in Ontario, and a full Hansard service shall be provided for the committee. *May 25, 1988.*

- 38. *Mr Runciman*—Resolution—That, in the opinion of this House, the Government should introduce legislation applying guidelines similar to the cabinet conflict of interest guidelines and that this legislation should be applicable to senior civil servants. *May 26, 1988.*
- 39. *Mr Jackson*—Resolution—That, in the opinion of this House, the Standing Committee on Social Development or some other committee should be directed to consider and report to the House on the problem of sexual assault in the province;

That, working with the Ontario Women's Directorate, the committee should conduct its inquiry in three subject areas:

- (a) to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;
- (b) to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;

- (c) to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee should have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon resumption of meetings of the House, the chairman of the committee should bring such reports before the House in accordance with the Standing Orders;

That the committee should have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to the approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee should have authority to adjourn from place to place in Ontario, and a full Hansard service should be provided for the committee. *June 8, 1988.*

41. *Mr McGuigan*—Resolution—That, in the opinion of this House, the Minister of Agriculture and Food should develop a lease form for voluntary use by owners and renters of farm land that would give credits to the leasor for leasor financed long-term conservation measures which, when totalled at the end of the lease period, would recompense the leasee for the residual value of the improvements to the land owned or controlled by the leasor and which would, at the end of the lease period, recompense the leasor for the deterioration or damage due to faulty tillage and farming practices to the land owned or controlled by the leasor; and that the Minister should provide personnel to act as evaluators and arbitrators in the event that disputes over the residual value of the soil building and conservation measures develop at the time of termination of the lease and in the event that arbitration fails, the Minister should provide expert witnesses when such disputes are taken to a court of civil law for settlement and that the Minister, as a long-term policy, should advertise, promote and encourage the use of such lease agreements in the Province of Ontario. *June 27, 1988.*
42. *Mr Jackson*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs shall ensure that for the 7 (seven) weekdays preceding the last day for filing applications for revision of the preliminary elector list for the November municipal elections, a municipal elections enumeration officer is posted in a conspicuous location at each community college, university and polytechnical institution in Ontario for the purpose of enumerating students for the municipal elections. *October 17, 1988.*
46. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that the tragic death of Lester Donaldson this past summer has once again brought into question the issue of race relations and the criminal justice system, and recognizing that this issue was previously dealt with following the tragic death of Albert Johnson several years ago, and recognizing the importance of both equality before the law and the public perception of equality before the law, the Attorney General immediately should refer the issue of race relations and the criminal justice system to the Standing Com-

mittee on Administration of Justice for public hearings, review and recommendations. *October 18, 1988.*

53. *Mr McGuinty*—Resolution—That, in the opinion of this House, the positive initiatives of the Government of Ontario since May 1985 regarding Eastern Ontario Economic Development be commended and supported and that the Government of Ontario be urged to continue this new higher level of support and encourage the Government of Canada to support these efforts. *December 14, 1988.*
54. *Mr Morin*—Resolution—That, in the opinion of this House, the Government of Ontario, the municipalities and the banking institutions should enter into an agreement whereby recipients of welfare and social assistance cheques are provided with identification cards that would give them easy access to banking services without having to resort to using cheque cashing services for a percentage fee. *December 15, 1988.*
55. *Mr Adams*—Resolution—That, in the opinion of this House, the Government of Ontario be commended for such actions as establishing the Premier's Council and the Environment Council which demonstrate an awareness of the importance of strategic, long-term planning; and that, in keeping with this commitment, and recognizing Southern Ontario is experiencing growth as rapid as any in the world, the Premier should establish, at the earliest possible date, a high profile inquiry similar to the Premier's Council which will provide an overall coordinated strategy for growth for the whole province, and that this inquiry should
  - (a) advise the Government of the likely magnitude, alternative forms of, and means of accommodating future growth in the Province;
  - (b) examine the impact of the Greater Toronto Area's unparalleled urban growth on outlying rural communities in the Province;
  - (c) consider the planning implications of this growth for rapidly growing smaller communities within a 300 kilometre radius of Metro;
  - (d) recommend appropriate actions to ensure that development is sustainable, environmentally sound, and does not jeopardize the long-term interests of Ontarians; and

That adequate resources should be allocated for such an inquiry. *January 4, 1989.*

56. *Mr Reyrcraft*—Resolution—That, in the opinion of this House, recognizing that agriculture continues to be a vital component of the Ontario economy and contributes significantly to the social and cultural character of the province; and recognizing that general awareness of the nature and importance of the agri-food system in Ontario has diminished as the province has become increasingly urbanized; and further recognizing that it is essential to present topics addressing the social and economic importance of the agri-food system to Ontarians through integration into the curricula of both elementary and secondary schools; the Government of Ontario, through

the Ministry of Agriculture and Food, should establish a provincial headquarters for the Agriculture in the Classroom program, to function as a collection and distribution centre for learning materials and as a learning centre for teachers and students. *January 4, 1989.*

*Mr McGuigan*—Resolution—That, in the opinion of this House, the Minister of Agriculture and Food should develop a lease form for voluntary use by owners and renters of farm land that would give credits to the leasor for leasor financed long-term conservation measures which, when totalled at the end of the lease period, would recompense the leasee for the residual value of the improvements to the land owned or controlled by the leasor and which would, at the end of the lease period, recompense the leasor for the deterioration or damage due to faulty tillage and farming practices to the land owned or controlled by the leasor; and that the Minister should provide personnel to act as evaluators and arbitrators in the event that disputes over the residual value of the soil building and conservation measures develop at the time of termination of the lease and in the event that arbitration fails, the Minister should provide expert witnesses when such disputes are taken to a court of civil law for settlement and that the Minister, as a long-term policy, should advertise, promote and encourage the use of such lease agreements in the Province of Ontario.

Ballot Item No. 53—*To be debated on Thursday, January 12, 1989.*

*Mr Adams*—Resolution—That, in the opinion of this House, the Government of Ontario be commended for such actions as establishing the Premier's Council and the Environment Council which demonstrate an awareness of the importance of strategic, long-term planning; and that, in keeping with this commitment, and recognizing Southern Ontario is experiencing growth as rapid as any in the world, the Premier should establish, at the earliest possible date, a high profile inquiry similar to the Premier's Council which will provide an overall coordinated strategy for growth for the whole province, and that this inquiry should

- (a) advise the Government of the likely magnitude, alternative forms of, and means of accommodating future growth in the Province;
- (b) examine the impact of the Greater Toronto Area's unparalleled urban growth on outlying rural communities in the Province;
- (c) consider the planning implications of this growth for rapidly growing smaller communities within a 300 kilometre radius of Metro;

- (d) recommend appropriate actions to ensure that development is sustainable, environmentally sound, and does not jeopardize the long-term interests of Ontarians; and

That adequate resources should be allocated for such an inquiry.

Ballot Item No. 54—*To be debated on Thursday, January 12, 1989.*

*Second Reading* Bill 198, An Act to amend the Limitations Act. *Mr Cooke* (Kitchener).

Ballot Item No. 55—*To be debated on Thursday, January 19, 1989.*

*Mr Morin*—Resolution—That, in the opinion of this House, the Government of Ontario, the municipalities and the banking institutions should enter into an agreement whereby recipients of welfare and social assistance cheques are provided with identification cards that would give them easy access to banking services without having to resort to using cheque cashing services for a percentage fee.

Ballot Item No. 56—*To be debated on Thursday, January 19, 1989.*

*Mr Reycraft*—Resolution—That, in the opinion of this House, recognizing that agriculture continues to be a vital component of the Ontario economy and contributes significantly to the social and cultural character of the province; and recognizing that general awareness of the nature and importance of the agri-food system in Ontario has diminished as the province has become increasingly urbanized; and further recognizing that it is essential to present topics addressing the social and economic importance of the agri-food system to Ontarians through integration into the curricula of both elementary and secondary schools; the Government of Ontario, through the Ministry of Agriculture and Food, should establish a provincial headquarters for the Agriculture in the Classroom program, to function as a collection and distribution centre for learning materials and as a learning centre for teachers and students.

## PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *November 10, 1987.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *November 10, 1987.*
4. *Mr Morin-Strom*—Resolution—That, in the opinion of this House, recognizing the importance of the TransCanada Highway to our nation and to our province, the government of Ontario should upgrade the TransCanada Highway to a modern four-lane system through Northern Ontario to the Manitoba border, and that the government should immediately commence design and schedule construction to ensure completion across Northern Ontario by 1997. *November 18, 1987.*
9. *Mr Wildman*—Resolution—That, in the opinion of this House, the plans of the Canada Post Corporation to close, amalgamate or franchise many rural post offices and to eliminate or tender rural route services in order to reduce its operating deficit would reduce essential mail services from many rural Ontario communities, causing severe hardship and inconvenience to rural Ontarians, particularly the elderly and disabled; the Government of Ontario should urge the Government of Canada to halt, immediately, these plans to cut service and maintain and improve rural postal services across Ontario. *December 8, 1987.*
12. *Mr Runciman*—Resolution—That, in the opinion of this House, recognizing that there have been twenty-eight bank branch closures across Ontario between 1982 and 1986 which have left many small communities without adequate banking services, the Government of Ontario should review all requests for satellite banking services and establish Province of Ontario Savings Offices in those areas where population levels demonstrate a need for them and where financial benefit can be determined. *December 15, 1987.*
13. *Mr Sterling*—Resolution—That, in the opinion of this House, recognizing the devastating and lethal impact of tobacco on the health of our citizenry, and

recognizing the tobacco industry's attempt to advertise in a manner designed to undermine the health warnings of its hazardous product, the Government of Ontario should pursue every opportunity to express its support for the Federal Government's initiative, Bill C-51, the *Tobacco Products Control Act*, An Act to prohibit the advertising and promotion and respecting the labelling and monitoring of tobacco products. *December 15, 1987.*

23. *Mr Runciman*—Resolution—That, in the opinion of this House, the Premier of Ontario should institute a system whereby any supplementary appropriations approved by Management Board of Cabinet are referred within 15 days of approval to the Standing Committee on Public Accounts for its consideration. *April 18, 1988.*
  
28. *Mrs Marland*—Resolution—That, in the opinion of this House, the government's MISA program, which only covers companies dumping industrial effluent directly into the province's waterways, should be extended to now include the additional 97.5 per cent of water polluters in this province that are dumping into the province's municipal sewer systems. *May 9, 1988.*
  
30. *Mrs Marland*—Resolution—That, in the opinion of this House, the Government of Ontario should designate municipal waste disposal as a matter of "provincial interest" under Section 2 of the Planning Act, 1983; and that the Government should establish regional waste management councils for the purpose of co-ordinating regional waste management strategies and assisting Municipalities in dealing, on a long-term and co-operative basis, with the current municipal waste management crisis in Ontario. *May 11, 1988.*
  
35. *Mr Brandt*—Resolution—That, in the opinion of this House, this Legislature should pay special tribute to the Armenian people of Ontario on the 100th anniversary of their arrival in Canada and the 70th anniversary of the Armenian republic; and this Legislature, on behalf of the people of Ontario, applauds the unique contribution of the Armenian community to the multicultural fabric of our society; furthermore, this Legislature respectfully remembers the thousands of Armenians killed at the beginning of this century and the suffering experienced by the Armenian people as a result of this atrocity. *May 19, 1988.*
  
36. *Mr Jackson*—Resolution—That the Standing Committee on Social Development be directed to consider and report to the House by November 30, 1988 on the problem of sexual assault in the province;

That the committee shall conduct its inquiry in three phases:

- a) In the first phase, to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;

- b) In the second phase, to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;
- c) And in the third phase, to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon the resumption of meetings of the House, the chairman of the committee shall bring such reports before the House in accordance with the Standing Orders;

That the committee have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee shall have authority to adjourn from place to place in Ontario, and a full Hansard service shall be provided for the committee. *May 25, 1988.*

- 38. *Mr Runciman*—Resolution—That, in the opinion of this House, the Government should introduce legislation applying guidelines similar to the cabinet conflict of interest guidelines and that this legislation should be applicable to senior civil servants. *May 26, 1988.*
- 39. *Mr Jackson*—Resolution—That, in the opinion of this House, the Standing Committee on Social Development or some other committee should be directed to consider and report to the House on the problem of sexual assault in the province;

That, working with the Ontario Women's Directorate, the committee should conduct its inquiry in three subject areas:

- (a) to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;
- (b) to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;

- (c) to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee should have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon resumption of meetings of the House, the chairman of the committee should bring such reports before the House in accordance with the Standing Orders;

That the committee should have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to the approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee should have authority to adjourn from place to place in Ontario, and a full Hansard service should be provided for the committee. *June 8, 1988.*

41. *Debated January 5, 1989.*

42. *Mr Jackson—Resolution—*That, in the opinion of this House, the Minister of Municipal Affairs shall ensure that for the 7 (seven) weekdays preceding the last day for filing applications for revision of the preliminary elector list for the November municipal elections, a municipal elections enumeration officer is posted in a conspicuous location at each community college, university and polytechnical institution in Ontario for the purpose of enumerating students for the municipal elections. *October 17, 1988.*

46. *Mr Eves—Resolution—*That, in the opinion of this House, recognizing that the tragic death of Lester Donaldson this past summer has once again brought into question the issue of race relations and the criminal justice system, and recognizing that this issue was previously dealt with following the tragic death of Albert Johnson several years ago, and recognizing the importance of both equality before the law and the public perception of equality before the law, the Attorney General immediately should refer the issue of race relations and the criminal justice system to the Standing Committee on Administration of Justice for public hearings, review and recommendations. *October 18, 1988.*

53. *Debated January 5, 1989.*

54. *Mr Morin—Resolution—*That, in the opinion of this House, the Government of Ontario, the municipalities and the banking institutions should enter into an agreement whereby recipients of welfare and social assistance cheques are provided with identification cards that would give them easy access to banking services without having to resort to using cheque cashing services for a percentage fee. *December 15, 1988.*

55. *Mr Adams—Resolution—*That, in the opinion of this House, the Government of Ontario be commended for such actions as establishing the Premier's Council and the Environment Council which demonstrate an aware-

ness of the importance of strategic, long-term planning; and that, in keeping with this commitment, and recognizing Southern Ontario is experiencing growth as rapid as any in the world, the Premier should establish, at the earliest possible date, a high profile inquiry similar to the Premier's Council which will provide an overall coordinated strategy for growth for the whole province, and that this inquiry should

- (a) advise the Government of the likely magnitude, alternative forms of, and means of accommodating future growth in the Province;
- (b) examine the impact of the Greater Toronto Area's unparalleled urban growth on outlying rural communities in the Province;
- (c) consider the planning implications of this growth for rapidly growing smaller communities within a 300 kilometre radius of Metro;
- (d) recommend appropriate actions to ensure that development is sustainable, environmentally sound, and does not jeopardize the long-term interests of Ontarians; and

That adequate resources should be allocated for such an inquiry. *January 4, 1989.*

56. *Mr Reycraft—Resolution—*That, in the opinion of this House, recognizing that agriculture continues to be a vital component of the Ontario economy and contributes significantly to the social and cultural character of the province; and recognizing that general awareness of the nature and importance of the agri-food system in Ontario has diminished as the province has become increasingly urbanized; and further recognizing that it is essential to present topics addressing the social and economic importance of the agri-food system to Ontarians through integration into the curricula of both elementary and secondary schools; the Government of Ontario, through the Ministry of Agriculture and Food, should establish a provincial headquarters for the Agriculture in the Classroom program, to function as a collection and distribution centre for learning materials and as a learning centre for teachers and students. *January 4, 1989.*

## PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the Standing Order 71 (d).)*

Ballot Items No. 51 and 52. *Debated January 5, 1989.*

Ballot Item No. 53—*To be debated on Thursday, January 12, 1989.*

*Mr Adams*—Resolution—That, in the opinion of this House, the Government of Ontario be commended for such actions as establishing the Premier's Council and the Environment Council which demonstrate an awareness of the importance of strategic, long-term planning; and that, in keeping with this commitment, and recognizing Southern Ontario is experiencing growth as rapid as any in the world, the Premier should establish, at the earliest possible date, a high profile inquiry similar to the Premier's Council which will provide an overall coordinated strategy for growth for the whole province, and that this inquiry should

- (a) advise the Government of the likely magnitude, alternative forms of, and means of accommodating future growth in the Province;
- (b) examine the impact of the Greater Toronto Area's unparalleled urban growth on outlying rural communities in the Province;
- (c) consider the planning implications of this growth for rapidly growing smaller communities within a 300 kilometre radius of Metro;
- (d) recommend appropriate actions to ensure that development is sustainable, environmentally sound, and does not jeopardize the long-term interests of Ontarians; and

That adequate resources should be allocated for such an inquiry.

Ballot Item No. 54—*To be debated on Thursday, January 12, 1989.*

*Second Reading* Bill 198, An Act to amend the Limitations Act. *Mr Cooke* (Kitchener).

Ballot Item No. 55—*To be debated on Thursday, January 19, 1989.*

*Mr Morin*—Resolution—That, in the opinion of this House, the Government of Ontario, the municipalities and the banking institutions should enter into an agreement whereby recipients of welfare and social assistance cheques are provided with identification cards that would give them easy access to banking services without having to resort to using cheque cashing services for a percentage fee.

Ballot Item No. 56—*To be debated on Thursday, January 19, 1989.*

*Mr Reycraft*—Resolution—That, in the opinion of this House, recognizing that agriculture continues to be a vital component of the Ontario economy and contributes significantly to the social and cultural character of the province; and recognizing that general awareness of the nature and importance of the agri-food system in Ontario has diminished as the province has become increasingly urban-

ized; and further recognizing that it is essential to present topics addressing the social and economic importance of the agri-food system to Ontarians through integration into the curricula of both elementary and secondary schools; the Government of Ontario, through the Ministry of Agriculture and Food, should establish a provincial headquarters for the Agriculture in the Classroom program, to function as a collection and distribution centre for learning materials and as a learning centre for teachers and students.

## PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *November 10, 1987.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *November 10, 1987.*
4. *Mr Morin-Strom*—Resolution—That, in the opinion of this House, recognizing the importance of the TransCanada Highway to our nation and to our province, the government of Ontario should upgrade the TransCanada Highway to a modern four-lane system through Northern Ontario to the Manitoba border, and that the government should immediately commence design and schedule construction to ensure completion across Northern Ontario by 1997. *November 18, 1987.*
9. *Mr Wildman*—Resolution—That, in the opinion of this House, the plans of the Canada Post Corporation to close, amalgamate or franchise many rural post offices and to eliminate or tender rural route services in order to reduce its operating deficit would reduce essential mail services from many rural Ontario communities, causing severe hardship and inconvenience to rural Ontarians, particularly the elderly and disabled; the Government of Ontario should urge the Government of Canada to halt, immediately, these plans to cut service and maintain and improve rural postal services across Ontario. *December 8, 1987.*
12. *Mr Runciman*—Resolution—That, in the opinion of this House, recognizing that there have been twenty-eight bank branch closures across Ontario between 1982 and 1986 which have left many small communities without adequate banking services, the Government of Ontario should review all requests for satellite banking services and establish Province of Ontario Savings Offices in those areas where population levels demonstrate a need for them and where financial benefit can be determined. *December 15, 1987.*
13. *Mr Sterling*—Resolution—That, in the opinion of this House, recognizing the devastating and lethal impact of tobacco on the health of our citizenry, and

recognizing the tobacco industry's attempt to advertise in a manner designed to undermine the health warnings of its hazardous product, the Government of Ontario should pursue every opportunity to express its support for the Federal Government's initiative, Bill C-51, the *Tobacco Products Control Act*, An Act to prohibit the advertising and promotion and respecting the labelling and monitoring of tobacco products. *December 15, 1987.*

23. *Mr Runciman*—Resolution—That, in the opinion of this House, the Premier of Ontario should institute a system whereby any supplementary appropriations approved by Management Board of Cabinet are referred within 15 days of approval to the Standing Committee on Public Accounts for its consideration. *April 18, 1988.*
28. *Mrs Marland*—Resolution—That, in the opinion of this House, the government's MISA program, which only covers companies dumping industrial effluent directly into the province's waterways, should be extended to now include the additional 97.5 per cent of water polluters in this province that are dumping into the province's municipal sewer systems. *May 9, 1988.*
30. *Mrs Marland*—Resolution—That, in the opinion of this House, the Government of Ontario should designate municipal waste disposal as a matter of "provincial interest" under Section 2 of the Planning Act, 1983; and that the Government should establish regional waste management councils for the purpose of co-ordinating regional waste management strategies and assisting Municipalities in dealing, on a long-term and co-operative basis, with the current municipal waste management crisis in Ontario. *May 11, 1988.*
35. *Mr Brandt*—Resolution—That, in the opinion of this House, this Legislature should pay special tribute to the Armenian people of Ontario on the 100th anniversary of their arrival in Canada and the 70th anniversary of the Armenian republic; and this Legislature, on behalf of the people of Ontario, applauds the unique contribution of the Armenian community to the multicultural fabric of our society; furthermore, this Legislature respectfully remembers the thousands of Armenians killed at the beginning of this century and the suffering experienced by the Armenian people as a result of this atrocity. *May 19, 1988.*
36. *Mr Jackson*—Resolution—That the Standing Committee on Social Development be directed to consider and report to the House by November 30, 1988 on the problem of sexual assault in the province;

That the committee shall conduct its inquiry in three phases:

- a) In the first phase, to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;

- b) In the second phase, to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;
- c) And in the third phase, to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon the resumption of meetings of the House, the chairman of the committee shall bring such reports before the House in accordance with the Standing Orders;

That the committee have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee shall have authority to adjourn from place to place in Ontario, and a full Hansard service shall be provided for the committee. *May 25, 1988.*

- 38. *Mr Runciman*—Resolution—That, in the opinion of this House, the Government should introduce legislation applying guidelines similar to the cabinet conflict of interest guidelines and that this legislation should be applicable to senior civil servants. *May 26, 1988.*
- 39. *Mr Jackson*—Resolution—That, in the opinion of this House, the Standing Committee on Social Development or some other committee should be directed to consider and report to the House on the problem of sexual assault in the province;

That, working with the Ontario Women's Directorate, the committee should conduct its inquiry in three subject areas:

- (a) to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;
- (b) to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;

- (c) to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee should have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon resumption of meetings of the House, the chairman of the committee should bring such reports before the House in accordance with the Standing Orders;

That the committee should have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to the approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee should have authority to adjourn from place to place in Ontario, and a full Hansard service should be provided for the committee. *June 8, 1988.*

42. *Mr Jackson*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs shall ensure that for the 7 (seven) weekdays preceding the last day for filing applications for revision of the preliminary elector list for the November municipal elections, a municipal elections enumeration officer is posted in a conspicuous location at each community college, university and polytechnical institution in Ontario for the purpose of enumerating students for the municipal elections. *October 17, 1988.*
46. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that the tragic death of Lester Donaldson this past summer has once again brought into question the issue of race relations and the criminal justice system, and recognizing that this issue was previously dealt with following the tragic death of Albert Johnson several years ago, and recognizing the importance of both equality before the law and the public perception of equality before the law, the Attorney General immediately should refer the issue of race relations and the criminal justice system to the Standing Committee on Administration of Justice for public hearings, review and recommendations. *October 18, 1988.*
54. *Mr Morin*—Resolution—That, in the opinion of this House, the Government of Ontario, the municipalities and the banking institutions should enter into an agreement whereby recipients of welfare and social assistance cheques are provided with identification cards that would give them easy access to banking services without having to resort to using cheque cashing services for a percentage fee. *December 15, 1988.*
55. *Mr Adams*—Resolution—That, in the opinion of this House, the Government of Ontario be commended for such actions as establishing the Premier's Council and the Environment Council which demonstrate an awareness of the importance of strategic, long-term planning; and that, in keeping with this commitment, and recognizing Southern Ontario is experiencing growth as rapid as any in the world, the Premier should establish, at the earliest possible date, a high profile inquiry similar to the Premier's

Council which will provide an overall coordinated strategy for growth for the whole province, and that this inquiry should

- (a) advise the Government of the likely magnitude, alternative forms of, and means of accommodating future growth in the Province;
- (b) examine the impact of the Greater Toronto Area's unparalleled urban growth on outlying rural communities in the Province;
- (c) consider the planning implications of this growth for rapidly growing smaller communities within a 300 kilometre radius of Metro;
- (d) recommend appropriate actions to ensure that development is sustainable, environmentally sound, and does not jeopardize the long-term interests of Ontarians; and

That adequate resources should be allocated for such an inquiry. *January 4, 1989.*

56. *Mr Reycraft*—Resolution—That, in the opinion of this House, recognizing that agriculture continues to be a vital component of the Ontario economy and contributes significantly to the social and cultural character of the province; and recognizing that general awareness of the nature and importance of the agri-food system in Ontario has diminished as the province has become increasingly urbanized; and further recognizing that it is essential to present topics addressing the social and economic importance of the agri-food system to Ontarians through integration into the curricula of both elementary and secondary schools; the Government of Ontario, through the Ministry of Agriculture and Food, should establish a provincial headquarters for the Agriculture in the Classroom program, to function as a collection and distribution centre for learning materials and as a learning centre for teachers and students. *January 4, 1989.*

57. *Mr Chiarelli*—Resolution—That, in the opinion of this House, the Government of Ontario should make every effort as soon as reasonably practicable to:

1. Promote an amendment to the Canadian Constitution adding a subsection (6) to Section 33 of the *Constitution Act 1982* to give to the Parliament of Canada and to any Province the option to *permanently* render inoperative within its jurisdiction the "Notwithstanding Provision", and that if such an amendment were made to the Canadian Constitution the Government of Ontario would as soon as practicable, permanently opt out of the right to use the "Notwithstanding Clause" and would further encourage the Parliament of Canada and all other Provinces to do likewise.
2. Refer to the Ontario Court of Appeal an appropriate question to determine if federal power of disallowance as set out in Section 90 of the *Constitution Act, 1867* (The B.N.A. Act) is a subsisting and usable power for the Parliament of Canada or is it a power rendered inoperative by constitutional convention and, if such power is a subsisting and

usable power for the Parliament of Canada, can the power be used by Parliament to disallow a provincial statute, law, regulation or provision which has the effect of depriving any individual or legal entity of basic and fundamental human rights and freedoms. *January 10, 1989.*

## NOTICES

### GOVERNMENT MOTION

11. *Debated April 25, 26, 27, 28; May 4, 5, 9, 19, 30; and June 2, 1988.*
-

## PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *November 10, 1987.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *November 10, 1987.*
4. *Mr Morin-Strom*—Resolution—That, in the opinion of this House, recognizing the importance of the TransCanada Highway to our nation and to our province, the government of Ontario should upgrade the TransCanada Highway to a modern four-lane system through Northern Ontario to the Manitoba border, and that the government should immediately commence design and schedule construction to ensure completion across Northern Ontario by 1997. *November 18, 1987.*
9. *Mr Wildman*—Resolution—That, in the opinion of this House, the plans of the Canada Post Corporation to close, amalgamate or franchise many rural post offices and to eliminate or tender rural route services in order to reduce its operating deficit would reduce essential mail services from many rural Ontario communities, causing severe hardship and inconvenience to rural Ontarians, particularly the elderly and disabled; the Government of Ontario should urge the Government of Canada to halt, immediately, these plans to cut service and maintain and improve rural postal services across Ontario. *December 8, 1987.*
12. *Mr Runciman*—Resolution—That, in the opinion of this House, recognizing that there have been twenty-eight bank branch closures across Ontario between 1982 and 1986 which have left many small communities without adequate banking services, the Government of Ontario should review all requests for satellite banking services and establish Province of Ontario Savings Offices in those areas where population levels demonstrate a need for them and where financial benefit can be determined. *December 15, 1987.*
13. *Mr Sterling*—Resolution—That, in the opinion of this House, recognizing the devastating and lethal impact of tobacco on the health of our citizenry, and

recognizing the tobacco industry's attempt to advertise in a manner designed to undermine the health warnings of its hazardous product, the Government of Ontario should pursue every opportunity to express its support for the Federal Government's initiative, Bill C-51, the *Tobacco Products Control Act*, An Act to prohibit the advertising and promotion and respecting the labelling and monitoring of tobacco products. *December 15, 1987.*

23. *Mr Runciman*—Resolution—That, in the opinion of this House, the Premier of Ontario should institute a system whereby any supplementary appropriations approved by Management Board of Cabinet are referred within 15 days of approval to the Standing Committee on Public Accounts for its consideration. *April 18, 1988.*
28. *Mrs Marland*—Resolution—That, in the opinion of this House, the government's MISA program, which only covers companies dumping industrial effluent directly into the province's waterways, should be extended to now include the additional 97.5 per cent of water polluters in this province that are dumping into the province's municipal sewer systems. *May 9, 1988.*
30. *Mrs Marland*—Resolution—That, in the opinion of this House, the Government of Ontario should designate municipal waste disposal as a matter of "provincial interest" under Section 2 of the Planning Act, 1983; and that the Government should establish regional waste management councils for the purpose of co-ordinating regional waste management strategies and assisting Municipalities in dealing, on a long-term and co-operative basis, with the current municipal waste management crisis in Ontario. *May 11, 1988.*
35. *Mr Brandt*—Resolution—That, in the opinion of this House, this Legislature should pay special tribute to the Armenian people of Ontario on the 100th anniversary of their arrival in Canada and the 70th anniversary of the Armenian republic; and this Legislature, on behalf of the people of Ontario, applauds the unique contribution of the Armenian community to the multicultural fabric of our society; furthermore, this Legislature respectfully remembers the thousands of Armenians killed at the beginning of this century and the suffering experienced by the Armenian people as a result of this atrocity. *May 19, 1988.*
36. *Mr Jackson*—Resolution—That the Standing Committee on Social Development be directed to consider and report to the House by November 30, 1988 on the problem of sexual assault in the province;

That the committee shall conduct its inquiry in three phases:

- a) In the first phase, to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;

- b) In the second phase, to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;
- c) And in the third phase, to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon the resumption of meetings of the House, the chairman of the committee shall bring such reports before the House in accordance with the Standing Orders;

That the committee have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee shall have authority to adjourn from place to place in Ontario, and a full Hansard service shall be provided for the committee. *May 25, 1988.*

- 38. *Mr Runciman*—Resolution—That, in the opinion of this House, the Government should introduce legislation applying guidelines similar to the cabinet conflict of interest guidelines and that this legislation should be applicable to senior civil servants. *May 26, 1988.*
- 39. *Mr Jackson*—Resolution—That, in the opinion of this House, the Standing Committee on Social Development or some other committee should be directed to consider and report to the House on the problem of sexual assault in the province;

That, working with the Ontario Women's Directorate, the committee should conduct its inquiry in three subject areas:

- (a) to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;
- (b) to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;

- (c) to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee should have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon resumption of meetings of the House, the chairman of the committee should bring such reports before the House in accordance with the Standing Orders;

That the committee should have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to the approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee should have authority to adjourn from place to place in Ontario, and a full Hansard service should be provided for the committee. *June 8, 1988.*

- 42. *Mr Jackson*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs shall ensure that for the 7 (seven) weekdays preceding the last day for filing applications for revision of the preliminary elector list for the November municipal elections, a municipal elections enumeration officer is posted in a conspicuous location at each community college, university and polytechnical institution in Ontario for the purpose of enumerating students for the municipal elections. *October 17, 1988.*
- 46. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that the tragic death of Lester Donaldson this past summer has once again brought into question the issue of race relations and the criminal justice system, and recognizing that this issue was previously dealt with following the tragic death of Albert Johnson several years ago, and recognizing the importance of both equality before the law and the public perception of equality before the law, the Attorney General immediately should refer the issue of race relations and the criminal justice system to the Standing Committee on Administration of Justice for public hearings, review and recommendations. *October 18, 1988.*
- 54. *Mr Morin*—Resolution—That, in the opinion of this House, the Government of Ontario, the municipalities and the banking institutions should enter into an agreement whereby recipients of welfare and social assistance cheques are provided with identification cards that would give them easy access to banking services without having to resort to using cheque cashing services for a percentage fee. *December 15, 1988.*
- 55. *Mr Adams*—Resolution—That, in the opinion of this House, the Government of Ontario be commended for such actions as establishing the Premier's Council and the Environment Council which demonstrate an awareness of the importance of strategic, long-term planning; and that, in keeping with this commitment, and recognizing Southern Ontario is experiencing growth as rapid as any in the world, the Premier should establish, at the earliest possible date, a high profile inquiry similar to the Premier's

Council which will provide an overall coordinated strategy for growth for the whole province, and that this inquiry should

- (a) advise the Government of the likely magnitude, alternative forms of, and means of accommodating future growth in the Province;
- (b) examine the impact of the Greater Toronto Area's unparalleled urban growth on outlying rural communities in the Province;
- (c) consider the planning implications of this growth for rapidly growing smaller communities within a 300 kilometre radius of Metro;
- (d) recommend appropriate actions to ensure that development is sustainable, environmentally sound, and does not jeopardize the long-term interests of Ontarians; and

That adequate resources should be allocated for such an inquiry. *January 4, 1989.*

56. *Mr Reycraft*—Resolution—That, in the opinion of this House, recognizing that agriculture continues to be a vital component of the Ontario economy and contributes significantly to the social and cultural character of the province; and recognizing that general awareness of the nature and importance of the agri-food system in Ontario has diminished as the province has become increasingly urbanized; and further recognizing that it is essential to present topics addressing the social and economic importance of the agri-food system to Ontarians through integration into the curricula of both elementary and secondary schools; the Government of Ontario, through the Ministry of Agriculture and Food, should establish a provincial headquarters for the Agriculture in the Classroom program, to function as a collection and distribution centre for learning materials and as a learning centre for teachers and students. *January 4, 1989.*

57. *Mr Chiarelli*—Resolution—That, in the opinion of this House, the Government of Ontario should make every effort as soon as reasonably practicable to:

1. Promote an amendment to the Canadian Constitution adding a subsection (6) to Section 33 of the *Constitution Act 1982* to give to the Parliament of Canada and to any Province the option to *permanently* render inoperative within its jurisdiction the "Notwithstanding Provision", and that if such an amendment were made to the Canadian Constitution the Government of Ontario would as soon as practicable, permanently opt out of the right to use the "Notwithstanding Clause" and would further encourage the Parliament of Canada and all other Provinces to do likewise.
2. Refer to the Ontario Court of Appeal an appropriate question to determine if federal power of disallowance as set out in Section 90 of the *Constitution Act, 1867* (The B.N.A. Act) is a subsisting and usable power for the Parliament of Canada or is it a power rendered inoperative by constitutional convention and, if such power is a subsisting and

usable power for the Parliament of Canada, can the power be used by Parliament to disallow a provincial statute, law, regulation or provision which has the effect of depriving any individual or legal entity of basic and fundamental human rights and freedoms. *January 10, 1989.*

58. *Mr Mahoney*—Resolution—That, in the opinion of this House, recognizing the ever increasing costs associated with the hospital care and the alternative of community-based health services, the Government of Ontario should encourage the formation of community-based health centres similar to the health centre in Sault Ste. Marie, Ontario, whereby the Corporate Sector and the Labour movement, along with local Health Boards and community groups as well as the Ministry of Health work together to establish such community-based facilities. *January 11, 1989.*

429. *Mr Runciman*—Enquiry of the Ministry—Will the Minister of Health please advise the House why, in recent advertisements for a Personnel Officer for the Brockville Psychiatric Hospital, the Ministry is requiring candidates to be bilingual. *January 5, 1989.*
430. *Mr Runciman*—Enquiry of the Ministry—Will the Minister of Health advise the House why, in a recent advertisement for a Personnel Officer for the Brockville Psychiatric Hospital, applicants are asked to possess excellent English written and oral skills and superior French written and oral skills. 431. *Mr Runciman*—Enquiry of the Ministry—Will the Minister of Health inform the House, following the Minister's decision to fund a new French-language community health centre for—according to the 1986 census—Metro Toronto's 2,030 individuals who speak only French, what initiatives her Ministry has undertaken to provide comparable service for the 656,875 Metro Toronto residents whose mother tongue is neither English nor French. ### GOVERNMENT MOTION

11. *Debated April 25, 26, 27, 28; May 4, 5, 9, 19, 30; and June 2, 1988.*

## PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *November 10, 1987.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *November 10, 1987.*
4. *Mr Morin-Strom*—Resolution—That, in the opinion of this House, recognizing the importance of the TransCanada Highway to our nation and to our province, the government of Ontario should upgrade the TransCanada Highway to a modern four-lane system through Northern Ontario to the Manitoba border, and that the government should immediately commence design and schedule construction to ensure completion across Northern Ontario by 1997. *November 18, 1987.*
9. *Mr Wildman*—Resolution—That, in the opinion of this House, the plans of the Canada Post Corporation to close, amalgamate or franchise many rural post offices and to eliminate or tender rural route services in order to reduce its operating deficit would reduce essential mail services from many rural Ontario communities, causing severe hardship and inconvenience to rural Ontarians, particularly the elderly and disabled; the Government of Ontario should urge the Government of Canada to halt, immediately, these plans to cut service and maintain and improve rural postal services across Ontario. *December 8, 1987.*
12. *Mr Runciman*—Resolution—That, in the opinion of this House, recognizing that there have been twenty-eight bank branch closures across Ontario between 1982 and 1986 which have left many small communities without adequate banking services, the Government of Ontario should review all requests for satellite banking services and establish Province of Ontario Savings Offices in those areas where population levels demonstrate a need for them and where financial benefit can be determined. *December 15, 1987.*
13. *Mr Sterling*—Resolution—That, in the opinion of this House, recognizing the devastating and lethal impact of tobacco on the health of our citizenry, and

recognizing the tobacco industry's attempt to advertise in a manner designed to undermine the health warnings of its hazardous product, the Government of Ontario should pursue every opportunity to express its support for the Federal Government's initiative, Bill C-51, the *Tobacco Products Control Act*, An Act to prohibit the advertising and promotion and respecting the labelling and monitoring of tobacco products. *December 15, 1987.*

23. *Mr Runciman*—Resolution—That, in the opinion of this House, the Premier of Ontario should institute a system whereby any supplementary appropriations approved by Management Board of Cabinet are referred within 15 days of approval to the Standing Committee on Public Accounts for its consideration. *April 18, 1988.*
28. *Mrs Marland*—Resolution—That, in the opinion of this House, the government's MISA program, which only covers companies dumping industrial effluent directly into the province's waterways, should be extended to now include the additional 97.5 per cent of water polluters in this province that are dumping into the province's municipal sewer systems. *May 9, 1988.*
30. *Mrs Marland*—Resolution—That, in the opinion of this House, the Government of Ontario should designate municipal waste disposal as a matter of "provincial interest" under Section 2 of the Planning Act, 1983; and that the Government should establish regional waste management councils for the purpose of co-ordinating regional waste management strategies and assisting Municipalities in dealing, on a long-term and co-operative basis, with the current municipal waste management crisis in Ontario. *May 11, 1988.*
35. *Mr Brandt*—Resolution—That, in the opinion of this House, this Legislature should pay special tribute to the Armenian people of Ontario on the 100th anniversary of their arrival in Canada and the 70th anniversary of the Armenian republic; and this Legislature, on behalf of the people of Ontario, applauds the unique contribution of the Armenian community to the multicultural fabric of our society; furthermore, this Legislature respectfully remembers the thousands of Armenians killed at the beginning of this century and the suffering experienced by the Armenian people as a result of this atrocity. *May 19, 1988.*
36. *Mr Jackson*—Resolution—That the Standing Committee on Social Development be directed to consider and report to the House by November 30, 1988 on the problem of sexual assault in the province;

That the committee shall conduct its inquiry in three phases:

- a) In the first phase, to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;

- b) In the second phase, to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;
- c) And in the third phase, to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon the resumption of meetings of the House, the chairman of the committee shall bring such reports before the House in accordance with the Standing Orders;

That the committee have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee shall have authority to adjourn from place to place in Ontario, and a full Hansard service shall be provided for the committee. *May 25, 1988.*

- 38. *Mr Runciman*—Resolution—That, in the opinion of this House, the Government should introduce legislation applying guidelines similar to the cabinet conflict of interest guidelines and that this legislation should be applicable to senior civil servants. *May 26, 1988.*
- 39. *Mr Jackson*—Resolution—That, in the opinion of this House, the Standing Committee on Social Development or some other committee should be directed to consider and report to the House on the problem of sexual assault in the province;

That, working with the Ontario Women's Directorate, the committee should conduct its inquiry in three subject areas:

- (a) to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;
- (b) to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;

- (c) to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee should have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon resumption of meetings of the House, the chairman of the committee should bring such reports before the House in accordance with the Standing Orders;

That the committee should have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to the approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee should have authority to adjourn from place to place in Ontario, and a full Hansard service should be provided for the committee. *June 8, 1988.*

42. *Mr Jackson*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs shall ensure that for the 7 (seven) weekdays preceding the last day for filing applications for revision of the preliminary elector list for the November municipal elections, a municipal elections enumeration officer is posted in a conspicuous location at each community college, university and polytechnical institution in Ontario for the purpose of enumerating students for the municipal elections. *October 17, 1988.*
46. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that the tragic death of Lester Donaldson this past summer has once again brought into question the issue of race relations and the criminal justice system, and recognizing that this issue was previously dealt with following the tragic death of Albert Johnson several years ago, and recognizing the importance of both equality before the law and the public perception of equality before the law, the Attorney General immediately should refer the issue of race relations and the criminal justice system to the Standing Committee on Administration of Justice for public hearings, review and recommendations. *October 18, 1988.*
54. *Mr Morin*—Resolution—That, in the opinion of this House, the Government of Ontario, the municipalities and the banking institutions should enter into an agreement whereby recipients of welfare and social assistance cheques are provided with identification cards that would give them easy access to banking services without having to resort to using cheque cashing services for a percentage fee. *December 15, 1988.*
55. *Mr Adams*—Resolution—That, in the opinion of this House, the Government of Ontario be commended for such actions as establishing the Premier's Council and the Environment Council which demonstrate an awareness of the importance of strategic, long-term planning; and that, in keeping with this commitment, and recognizing Southern Ontario is experiencing growth as rapid as any in the world, the Premier should establish, at the earliest possible date, a high profile inquiry similar to the Premier's

Council which will provide an overall coordinated strategy for growth for the whole province, and that this inquiry should

- (a) advise the Government of the likely magnitude, alternative forms of, and means of accommodating future growth in the Province;
- (b) examine the impact of the Greater Toronto Area's unparalleled urban growth on outlying rural communities in the Province;
- (c) consider the planning implications of this growth for rapidly growing smaller communities within a 300 kilometre radius of Metro;
- (d) recommend appropriate actions to ensure that development is sustainable, environmentally sound, and does not jeopardize the long-term interests of Ontarians; and

That adequate resources should be allocated for such an inquiry. *January 4, 1989.*

56. *Mr Reycraft*—Resolution—That, in the opinion of this House, recognizing that agriculture continues to be a vital component of the Ontario economy and contributes significantly to the social and cultural character of the province; and recognizing that general awareness of the nature and importance of the agri-food system in Ontario has diminished as the province has become increasingly urbanized; and further recognizing that it is essential to present topics addressing the social and economic importance of the agri-food system to Ontarians through integration into the curricula of both elementary and secondary schools; the Government of Ontario, through the Ministry of Agriculture and Food, should establish a provincial headquarters for the Agriculture in the Classroom program, to function as a collection and distribution centre for learning materials and as a learning centre for teachers and students. *January 4, 1989.*

57. *Mr Chiarelli*—Resolution—That, in the opinion of this House, the Government of Ontario should make every effort as soon as reasonably practicable to:

1. Promote an amendment to the Canadian Constitution adding a subsection (6) to Section 33 of the *Constitution Act 1982* to give to the Parliament of Canada and to any Province the option to *permanently* render inoperative within its jurisdiction the "Notwithstanding Provision", and that if such an amendment were made to the Canadian Constitution the Government of Ontario would as soon as practicable, permanently opt out of the right to use the "Notwithstanding Clause" and would further encourage the Parliament of Canada and all other Provinces to do likewise.
2. Refer to the Ontario Court of Appeal an appropriate question to determine if federal power of disallowance as set out in Section 90 of the *Constitution Act, 1867* (The B.N.A. Act) is a subsisting and usable power for the Parliament of Canada or is it a power rendered inoperative by constitutional convention and, if such power is a subsisting and

usable power for the Parliament of Canada, can the power be used by Parliament to disallow a provincial statute, law, regulation or provision which has the effect of depriving any individual or legal entity of basic and fundamental human rights and freedoms. *January 10, 1989.*

58. *Mr Mahoney*—Resolution—That, in the opinion of this House, recognizing the ever increasing costs associated with the hospital care and the alternative of community-based health services, the Government of Ontario should encourage the formation of community-based health centres similar to the health centre in Sault Ste. Marie, Ontario, whereby the Corporate Sector and the Labour movement, along with local Health Boards and community groups as well as the Ministry of Health work together to establish such community-based facilities. *January 11, 1989.*

## NOTICES

### GOVERNMENT MOTION

11. *Debated April 25, 26, 27, 28; May 4, 5, 9, 19, 30; and June 2, 1988.*
-

## PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *November 10, 1987.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *November 10, 1987.*

11. *Debated April 25, 26, 27, 28; May 4, 5, 9, 19, 30; and June 2, 1988.*

## PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *November 10, 1987.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *November 10, 1987.*
4. *Mr Morin-Strom*—Resolution—That, in the opinion of this House, recognizing the importance of the TransCanada Highway to our nation and to our province, the government of Ontario should upgrade the TransCanada Highway to a modern four-lane system through Northern Ontario to the Manitoba border, and that the government should immediately commence design and schedule construction to ensure completion across Northern Ontario by 1997. *November 18, 1987.*
9. *Mr Wildman*—Resolution—That, in the opinion of this House, the plans of the Canada Post Corporation to close, amalgamate or franchise many rural post offices and to eliminate or tender rural route services in order to reduce its operating deficit would reduce essential mail services from many rural Ontario communities, causing severe hardship and inconvenience to rural Ontarians, particularly the elderly and disabled; the Government of Ontario should urge the Government of Canada to halt, immediately, these plans to cut service and maintain and improve rural postal services across Ontario. *December 8, 1987.*
12. *Mr Runciman*—Resolution—That, in the opinion of this House, recognizing that there have been twenty-eight bank branch closures across Ontario between 1982 and 1986 which have left many small communities without adequate banking services, the Government of Ontario should review all requests for satellite banking services and establish Province of Ontario Savings Offices in those areas where population levels demonstrate a need for them and where financial benefit can be determined. *December 15, 1987.*
13. *Mr Sterling*—Resolution—That, in the opinion of this House, recognizing the devastating and lethal impact of tobacco on the health of our citizenry, and

recognizing the tobacco industry's attempt to advertise in a manner designed to undermine the health warnings of its hazardous product, the Government of Ontario should pursue every opportunity to express its support for the Federal Government's initiative, Bill C-51, the *Tobacco Products Control Act*, An Act to prohibit the advertising and promotion and respecting the labelling and monitoring of tobacco products. *December 15, 1987.*

23. *Mr Runciman*—Resolution—That, in the opinion of this House, the Premier of Ontario should institute a system whereby any supplementary appropriations approved by Management Board of Cabinet are referred within 15 days of approval to the Standing Committee on Public Accounts for its consideration. *April 18, 1988.*
28. *Mrs Marland*—Resolution—That, in the opinion of this House, the government's MISA program, which only covers companies dumping industrial effluent directly into the province's waterways, should be extended to now include the additional 97.5 per cent of water polluters in this province that are dumping into the province's municipal sewer systems. *May 9, 1988.*
30. *Mrs Marland*—Resolution—That, in the opinion of this House, the Government of Ontario should designate municipal waste disposal as a matter of "provincial interest" under Section 2 of the Planning Act, 1983; and that the Government should establish regional waste management councils for the purpose of co-ordinating regional waste management strategies and assisting Municipalities in dealing, on a long-term and co-operative basis, with the current municipal waste management crisis in Ontario. *May 11, 1988.*
35. *Mr Brandt*—Resolution—That, in the opinion of this House, this Legislature should pay special tribute to the Armenian people of Ontario on the 100th anniversary of their arrival in Canada and the 70th anniversary of the Armenian republic; and this Legislature, on behalf of the people of Ontario, applauds the unique contribution of the Armenian community to the multicultural fabric of our society; furthermore, this Legislature respectfully remembers the thousands of Armenians killed at the beginning of this century and the suffering experienced by the Armenian people as a result of this atrocity. *May 19, 1988.*
36. *Mr Jackson*—Resolution—That the Standing Committee on Social Development be directed to consider and report to the House by November 30, 1988 on the problem of sexual assault in the province;

That the committee shall conduct its inquiry in three phases:

- a) In the first phase, to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;

- b) In the second phase, to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;
- c) And in the third phase, to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon the resumption of meetings of the House, the chairman of the committee shall bring such reports before the House in accordance with the Standing Orders;

That the committee have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee shall have authority to adjourn from place to place in Ontario, and a full Hansard service shall be provided for the committee. *May 25, 1988.*

- 38. *Mr Runciman*—Resolution—That, in the opinion of this House, the Government should introduce legislation applying guidelines similar to the cabinet conflict of interest guidelines and that this legislation should be applicable to senior civil servants. *May 26, 1988.*
- 39. *Mr Jackson*—Resolution—That, in the opinion of this House, the Standing Committee on Social Development or some other committee should be directed to consider and report to the House on the problem of sexual assault in the province;

That, working with the Ontario Women's Directorate, the committee should conduct its inquiry in three subject areas:

- (a) to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;
- (b) to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;

- (c) to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee should have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon resumption of meetings of the House, the chairman of the committee should bring such reports before the House in accordance with the Standing Orders;

That the committee should have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to the approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee should have authority to adjourn from place to place in Ontario, and a full Hansard service should be provided for the committee. *June 8, 1988.*

- 42. *Mr Jackson*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs shall ensure that for the 7 (seven) weekdays preceding the last day for filing applications for revision of the preliminary elector list for the November municipal elections, a municipal elections enumeration officer is posted in a conspicuous location at each community college, university and polytechnical institution in Ontario for the purpose of enumerating students for the municipal elections. *October 17, 1988.*
- 46. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that the tragic death of Lester Donaldson this past summer has once again brought into question the issue of race relations and the criminal justice system, and recognizing that this issue was previously dealt with following the tragic death of Albert Johnson several years ago, and recognizing the importance of both equality before the law and the public perception of equality before the law, the Attorney General immediately should refer the issue of race relations and the criminal justice system to the Standing Committee on Administration of Justice for public hearings, review and recommendations. *October 18, 1988.*
- 54. *Mr Morin*—Resolution—That, in the opinion of this House, the Government of Ontario, the municipalities and the banking institutions should enter into an agreement whereby recipients of welfare and social assistance cheques are provided with identification cards that would give them easy access to banking services without having to resort to using cheque cashing services for a percentage fee. *December 15, 1988.*
- 56. *Mr Reyecraft*—Resolution—That, in the opinion of this House, recognizing that agriculture continues to be a vital component of the Ontario economy and contributes significantly to the social and cultural character of the province; and recognizing that general awareness of the nature and importance of the agri-food system in Ontario has diminished as the province has become increasingly urbanized; and further recognizing that it is essential to present topics addressing the social and economic importance of the

agri-food system to Ontarians through integration into the curricula of both elementary and secondary schools; the Government of Ontario, through the Ministry of Agriculture and Food, should establish a provincial headquarters for the Agriculture in the Classroom program, to function as a collection and distribution centre for learning materials and as a learning centre for teachers and students. *January 4, 1989.*

57. *Mr Chiarelli*—Resolution—That, in the opinion of this House, the Government of Ontario should consider the following in its consultative constitutional process:
1. The promotion of an amendment to the Canadian Constitution adding a subsection (6) to Section 33 of the *Constitution Act 1982* to give to the Parliament of Canada and to any Province the option to *permanently* render inoperative within its jurisdiction the “Notwithstanding Provision”, and that if such an amendment were made to the Canadian Constitution the Government of Ontario would as soon as practicable, permanently opt out of the right to use the “Notwithstanding Clause” and would further encourage the Parliament of Canada and all other Provinces to do likewise.
  2. To refer to the Ontario Court of Appeal an appropriate question to determine if federal power of disallowance as set out in Section 90 of the *Constitution Act, 1867* (The B.N.A. Act) is a subsisting and usable power for the Parliament of Canada or is it a power rendered inoperative by constitutional convention and, if such power is a subsisting and usable power for the Parliament of Canada, can the power be used by Parliament to disallow a provincial statute, law, regulation or provision which has the effect of depriving any individual or legal entity of basic and fundamental human rights and freedoms. *January 10, 1989.*
58. *Mr Mahoney*—Resolution—That, in the opinion of this House, recognizing the ever increasing costs associated with the hospital care and the alternative of community-based health services, the Government of Ontario should encourage the formation of community-based health centres similar to the health centre in Sault Ste. Marie, Ontario, whereby the Corporate Sector and the Labour movement, along with local Health Boards and community groups as well as the Ministry of Health work together to establish such community-based facilities. *January 11, 1989.*

## PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *November 10, 1987.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *November 10, 1987.*
4. *Mr Morin-Strom*—Resolution—That, in the opinion of this House, recognizing the importance of the TransCanada Highway to our nation and to our province, the government of Ontario should upgrade the TransCanada Highway to a modern four-lane system through Northern Ontario to the Manitoba border, and that the government should immediately commence design and schedule construction to ensure completion across Northern Ontario by 1997. *November 18, 1987.*
9. *Mr Wildman*—Resolution—That, in the opinion of this House, the plans of the Canada Post Corporation to close, amalgamate or franchise many rural post offices and to eliminate or tender rural route services in order to reduce its operating deficit would reduce essential mail services from many rural Ontario communities, causing severe hardship and inconvenience to rural Ontarians, particularly the elderly and disabled; the Government of Ontario should urge the Government of Canada to halt, immediately, these plans to cut service and maintain and improve rural postal services across Ontario. *December 8, 1987.*
12. *Mr Runciman*—Resolution—That, in the opinion of this House, recognizing that there have been twenty-eight bank branch closures across Ontario between 1982 and 1986 which have left many small communities without adequate banking services, the Government of Ontario should review all requests for satellite banking services and establish Province of Ontario Savings Offices in those areas where population levels demonstrate a need for them and where financial benefit can be determined. *December 15, 1987.*
13. *Mr Sterling*—Resolution—That, in the opinion of this House, recognizing the devastating and lethal impact of tobacco on the health of our citizenry, and

recognizing the tobacco industry's attempt to advertise in a manner designed to undermine the health warnings of its hazardous product, the Government of Ontario should pursue every opportunity to express its support for the Federal Government's initiative, Bill C-51, the *Tobacco Products Control Act*, An Act to prohibit the advertising and promotion and respecting the labelling and monitoring of tobacco products. *December 15, 1987.*

23. *Mr Runciman*—Resolution—That, in the opinion of this House, the Premier of Ontario should institute a system whereby any supplementary appropriations approved by Management Board of Cabinet are referred within 15 days of approval to the Standing Committee on Public Accounts for its consideration. *April 18, 1988.*
28. *Mrs Marland*—Resolution—That, in the opinion of this House, the government's MISA program, which only covers companies dumping industrial effluent directly into the province's waterways, should be extended to now include the additional 97.5 per cent of water polluters in this province that are dumping into the province's municipal sewer systems. *May 9, 1988.*
30. *Mrs Marland*—Resolution—That, in the opinion of this House, the Government of Ontario should designate municipal waste disposal as a matter of "provincial interest" under Section 2 of the Planning Act, 1983; and that the Government should establish regional waste management councils for the purpose of co-ordinating regional waste management strategies and assisting Municipalities in dealing, on a long-term and co-operative basis, with the current municipal waste management crisis in Ontario. *May 11, 1988.*
35. *Mr Brandt*—Resolution—That, in the opinion of this House, this Legislature should pay special tribute to the Armenian people of Ontario on the 100th anniversary of their arrival in Canada and the 70th anniversary of the Armenian republic; and this Legislature, on behalf of the people of Ontario, applauds the unique contribution of the Armenian community to the multicultural fabric of our society; furthermore, this Legislature respectfully remembers the thousands of Armenians killed at the beginning of this century and the suffering experienced by the Armenian people as a result of this atrocity. *May 19, 1988.*
36. *Mr Jackson*—Resolution—That the Standing Committee on Social Development be directed to consider and report to the House by November 30, 1988 on the problem of sexual assault in the province;

That the committee shall conduct its inquiry in three phases:

- a) In the first phase, to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;

- b) In the second phase, to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;
- c) And in the third phase, to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon the resumption of meetings of the House, the chairman of the committee shall bring such reports before the House in accordance with the Standing Orders;

That the committee have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee shall have authority to adjourn from place to place in Ontario, and a full Hansard service shall be provided for the committee. *May 25, 1988.*

- 38. *Mr Runciman*—Resolution—That, in the opinion of this House, the Government should introduce legislation applying guidelines similar to the cabinet conflict of interest guidelines and that this legislation should be applicable to senior civil servants. *May 26, 1988.*
- 39. *Mr Jackson*—Resolution—That, in the opinion of this House, the Standing Committee on Social Development or some other committee should be directed to consider and report to the House on the problem of sexual assault in the province;

That, working with the Ontario Women's Directorate, the committee should conduct its inquiry in three subject areas:

- (a) to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;
- (b) to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;

- (c) to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee should have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon resumption of meetings of the House, the chairman of the committee should bring such reports before the House in accordance with the Standing Orders;

That the committee should have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to the approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee should have authority to adjourn from place to place in Ontario, and a full Hansard service should be provided for the committee. *June 8, 1988.*

- 42. *Mr Jackson*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs shall ensure that for the 7 (seven) weekdays preceding the last day for filing applications for revision of the preliminary elector list for the November municipal elections, a municipal elections enumeration officer is posted in a conspicuous location at each community college, university and polytechnical institution in Ontario for the purpose of enumerating students for the municipal elections. *October 17, 1988.*
- 46. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that the tragic death of Lester Donaldson this past summer has once again brought into question the issue of race relations and the criminal justice system, and recognizing that this issue was previously dealt with following the tragic death of Albert Johnson several years ago, and recognizing the importance of both equality before the law and the public perception of equality before the law, the Attorney General immediately should refer the issue of race relations and the criminal justice system to the Standing Committee on Administration of Justice for public hearings, review and recommendations. *October 18, 1988.*
- 54. *Mr Morin*—Resolution—That, in the opinion of this House, the Government of Ontario, the municipalities and the banking institutions should enter into an agreement whereby recipients of welfare and social assistance cheques are provided with identification cards that would give them easy access to banking services without having to resort to using cheque cashing services for a percentage fee. *December 15, 1988.*
- 56. *Mr Reycraft*—Resolution—That, in the opinion of this House, recognizing that agriculture continues to be a vital component of the Ontario economy and contributes significantly to the social and cultural character of the province; and recognizing that general awareness of the nature and importance of the agri-food system in Ontario has diminished as the province has become increasingly urbanized; and further recognizing that it is essential to present topics addressing the social and economic importance of the

agri-food system to Ontarians through integration into the curricula of both elementary and secondary schools; the Government of Ontario, through the Ministry of Agriculture and Food, should establish a provincial headquarters for the Agriculture in the Classroom program, to function as a collection and distribution centre for learning materials and as a learning centre for teachers and students. *January 4, 1989.*

57. *Mr Chiarelli*—Resolution—That, in the opinion of this House, the Government of Ontario should consider the following in its consultative constitutional process:
1. The promotion of an amendment to the Canadian Constitution adding a subsection (6) to Section 33 of the *Constitution Act 1982* to give to the Parliament of Canada and to any Province the option to *permanently* render inoperative within its jurisdiction the “Notwithstanding Provision”, and that if such an amendment were made to the Canadian Constitution the Government of Ontario would as soon as practicable, permanently opt out of the right to use the “Notwithstanding Clause” and would further encourage the Parliament of Canada and all other Provinces to do likewise.
  2. To refer to the Ontario Court of Appeal an appropriate question to determine if federal power of disallowance as set out in Section 90 of the *Constitution Act, 1867* (The B.N.A. Act) is a subsisting and usable power for the Parliament of Canada or is it a power rendered inoperative by constitutional convention and, if such power is a subsisting and usable power for the Parliament of Canada, can the power be used by Parliament to disallow a provincial statute, law, regulation or provision which has the effect of depriving any individual or legal entity of basic and fundamental human rights and freedoms. *January 10, 1989.*
58. *Mr Mahoney*—Resolution—That, in the opinion of this House, recognizing the ever increasing costs associated with the hospital care and the alternative of community-based health services, the Government of Ontario should encourage the formation of community-based health centres similar to the health centre in Sault Ste. Marie, Ontario, whereby the Corporate Sector and the Labour movement, along with local Health Boards and community groups as well as the Ministry of Health work together to establish such community-based facilities. *January 11, 1989.*
59. *Mr Neumann*—Resolution—That, in the opinion of this House, recognizing the critical importance of the Brundtland Report of the World Commission on Environment and Development, Our Common Future, this House commends the Government of Ontario for its active participation on the National Task Force on the Environment and the Economy, and for establishing the Ontario Round Table on Environment and the Economy to develop a provincial sustainable development strategy, therefore, the Government of Ontario should continue these efforts, and:
1. conduct a thorough review of its programs, policies and practices to ensure that the concept of sustainable development is applied within all areas of Ontario Government decision-making; and,

2. implement a procedure for reviewing, on an annual basis, the progress made by all ministries, boards and crown corporations in applying the concept of sustainable development within their areas of responsibility. *January 19, 1989.*
  60. *Mr Campbell*—Resolution—That, in the opinion of this House, the Ministry of Northern Development, the Ministry of Mines and the Ministry of Culture and Communications should be encouraged to support Northern Ontario artists and cultural groups who seek to more fully access the Southern Ontario market, thereby offering all residents of our province an opportunity to appreciate the great diversity, beauty and talent of the North. *January 19, 1989.*

## PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the Standing Order 71 (d).)*

Ballot Item No. 55—*To be debated today.*

*Mr Morin*—Resolution—That, in the opinion of this House, the Government of Ontario, the municipalities and the banking institutions should enter into an agreement whereby recipients of welfare and social assistance cheques are provided with identification cards that would give them easy access to banking services without having to resort to using cheque cashing services for a percentage fee.

Ballot Item No. 56—*To be debated today.*

*Mr Reycraft*—Resolution—That, in the opinion of this House, recognizing that agriculture continues to be a vital component of the Ontario economy and contributes significantly to the social and cultural character of the province; and recognizing that general awareness of the nature and importance of the agri-food system in Ontario has diminished as the province has become increasingly urbanized; and further recognizing that it is essential to present topics addressing the social and economic importance of the agri-food system to Ontarians through integration into the curricula of both elementary and secondary schools; the Government of Ontario, through the Ministry of Agriculture and Food, should establish a provincial headquarters for the Agriculture in the Classroom program, to function as a collection and distribution centre for learning materials and as a learning centre for teachers and students.

Ballot Item No. 57—*To be debated on Thursday, January 26, 1989.*

*Mr Mahoney*—Resolution—That, in the opinion of this House, recognizing the ever increasing costs associated with the hospital care and the alternative of community-based health services, the Government of Ontario should encourage the formation of community-based health centres similar to the health centre in Sault Ste. Ballot Item No. 58—*To be debated on Thursday, January 26, 1989.*

## PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *November 10, 1987.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *November 10, 1987.*
4. *Mr Morin-Strom*—Resolution—That, in the opinion of this House, recognizing the importance of the TransCanada Highway to our nation and to our province, the government of Ontario should upgrade the TransCanada Highway to a modern four-lane system through Northern Ontario to the Manitoba border, and that the government should immediately commence design and schedule construction to ensure completion across Northern Ontario by 1997. *November 18, 1987.*
9. *Mr Wildman*—Resolution—That, in the opinion of this House, the plans of the Canada Post Corporation to close, amalgamate or franchise many rural post offices and to eliminate or tender rural route services in order to reduce its operating deficit would reduce essential mail services from many rural Ontario communities, causing severe hardship and inconvenience to rural Ontarians, particularly the elderly and disabled; the Government of Ontario should urge the Government of Canada to halt, immediately, these plans to cut service and maintain and improve rural postal services across Ontario. *December 8, 1987.*
12. *Mr Runciman*—Resolution—That, in the opinion of this House, recognizing that there have been twenty-eight bank branch closures across Ontario between 1982 and 1986 which have left many small communities without adequate banking services, the Government of Ontario should review all requests for satellite banking services and establish Province of Ontario Savings Offices in those areas where population levels demonstrate a need for them and where financial benefit can be determined. *December 15, 1987.*

Ballot Items No. 55 and 56. *Debated January 19, 1989.*

Ballot Item No. 57—*To be debated on Thursday, January 26, 1989.*

*Mr Mahoney*—Resolution—That, in the opinion of this House, recognizing the ever increasing costs associated with the hospital care and the alternative of community-based health services, the Government of Ontario should encourage the formation of community-based health centres similar to the health centre in Sault Ste. Marie, Ontario, whereby the Corporate Sector and the Labour movement, along with local Health Boards and community groups as well as the Ministry of Health work together to establish such community-based facilities.

Ballot Item No. 58—*To be debated on Thursday, January 26, 1989.*

*Mr Chiarelli*—Resolution—That, in the opinion of this House, the Government of Ontario should consider the following in its consultative constitutional process:

1. The promotion of an amendment to the Canadian Constitution adding a subsection (6) to Section 33 of the *Constitution Act 1982* to give to the Parliament of Canada and to any Province the option to *permanently* render inoperative within its jurisdiction the "Notwithstanding Provision", and that if such an amendment were made to the Canadian Constitution the Government of Ontario would as soon as practicable, permanently opt out of the right to use the "Notwithstanding Clause" and would further encourage the Parliament of Canada and all other Provinces to do likewise.
2. To refer to the Ontario Court of Appeal an appropriate question to determine if federal power of disallowance as set out in Section 90 of the *Constitution Act, 1867* (The B.N.A. Act) is a subsisting and usable power for the Parliament of Canada or is it a power rendered inoperative by constitutional convention and, if such power is a subsisting and usable power for the Parliament of Canada, can the power be used by Parliament to disallow a provincial statute, law, regulation or provision which has the effect of depriving any individual or legal entity of basic and fundamental human rights and freedoms.

*Mr Campbell*—Resolution—That, in the opinion of this House, the Ministry of Northern Development, the Ministry of Mines and the Ministry of Culture and Communications should be encouraged to support Northern Ontario artists and cultural groups who seek to more fully access the Southern Ontario market, thereby offering all residents of our province an opportunity to appreciate the great diversity, beauty and talent of the North. / Que, de l'avis de cette Chambre, le Gouvernement devrait encourager le ministère du Développement du Nord, le ministère des Mines et le ministère de la Culture et des Communications à soutenir

## PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *November 10, 1987.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *November 10, 1987.*
4. *Mr Morin-Strom*—Resolution—That, in the opinion of this House, recognizing the importance of the TransCanada Highway to our nation and to our province, the government of Ontario should upgrade the TransCanada Highway to a modern four-lane system through Northern Ontario to the Manitoba border, and that the government should immediately commence design and schedule construction to ensure completion across Northern Ontario by 1997. *November 18, 1987.*
9. *Mr Wildman*—Resolution—That, in the opinion of this House, the plans of the Canada Post Corporation to close, amalgamate or franchise many rural post offices and to eliminate or tender rural route services in order to reduce its operating deficit would reduce essential mail services from many rural Ontario communities, causing severe hardship and inconvenience to rural Ontarians, particularly the elderly and disabled; the Government of Ontario should urge the Government of Canada to halt, immediately, these plans to cut service and maintain and improve rural postal services across Ontario. *December 8, 1987.*
12. *Mr Runciman*—Resolution—That, in the opinion of this House, recognizing that there have been twenty-eight bank branch closures across Ontario between 1982 and 1986 which have left many small communities without adequate banking services, the Government of Ontario should review all requests for satellite banking services and establish Province of Ontario Savings Offices in those areas where population levels demonstrate a need for them and where financial benefit can be determined. *December 15, 1987.*
13. *Mr Sterling*—Resolution—That, in the opinion of this House, recognizing the devastating and lethal impact of tobacco on the health of our citizenry, and

recognizing the tobacco industry's attempt to advertise in a manner designed to undermine the health warnings of its hazardous product, the Government of Ontario should pursue every opportunity to express its support for the Federal Government's initiative, Bill C-51, the *Tobacco Products Control Act*, An Act to prohibit the advertising and promotion and respecting the labelling and monitoring of tobacco products. *December 15, 1987.*

23. *Mr Runciman*—Resolution—That, in the opinion of this House, the Premier of Ontario should institute a system whereby any supplementary appropriations approved by Management Board of Cabinet are referred within 15 days of approval to the Standing Committee on Public Accounts for its consideration. *April 18, 1988.*
28. *Mrs Marland*—Resolution—That, in the opinion of this House, the government's MISA program, which only covers companies dumping industrial effluent directly into the province's waterways, should be extended to now include the additional 97.5 per cent of water polluters in this province that are dumping into the province's municipal sewer systems. *May 9, 1988.*
30. *Mrs Marland*—Resolution—That, in the opinion of this House, the Government of Ontario should designate municipal waste disposal as a matter of "provincial interest" under Section 2 of the Planning Act, 1983; and that the Government should establish regional waste management councils for the purpose of co-ordinating regional waste management strategies and assisting Municipalities in dealing, on a long-term and co-operative basis, with the current municipal waste management crisis in Ontario. *May 11, 1988.*
35. *Mr Brandt*—Resolution—That, in the opinion of this House, this Legislature should pay special tribute to the Armenian people of Ontario on the 100th anniversary of their arrival in Canada and the 70th anniversary of the Armenian republic; and this Legislature, on behalf of the people of Ontario, applauds the unique contribution of the Armenian community to the multicultural fabric of our society; furthermore, this Legislature respectfully remembers the thousands of Armenians killed at the beginning of this century and the suffering experienced by the Armenian people as a result of this atrocity. *May 19, 1988.*
36. *Mr Jackson*—Resolution—That the Standing Committee on Social Development be directed to consider and report to the House by November 30, 1988 on the problem of sexual assault in the province;

That the committee shall conduct its inquiry in three phases:

- a) In the first phase, to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;

- b) In the second phase, to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;
- c) And in the third phase, to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon the resumption of meetings of the House, the chairman of the committee shall bring such reports before the House in accordance with the Standing Orders;

That the committee have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee shall have authority to adjourn from place to place in Ontario, and a full Hansard service shall be provided for the committee. *May 25, 1988.*

- 38. *Mr Runciman*—Resolution—That, in the opinion of this House, the Government should introduce legislation applying guidelines similar to the cabinet conflict of interest guidelines and that this legislation should be applicable to senior civil servants. *May 26, 1988.*
- 39. *Mr Jackson*—Resolution—That, in the opinion of this House, the Standing Committee on Social Development or some other committee should be directed to consider and report to the House on the problem of sexual assault in the province;

That, working with the Ontario Women's Directorate, the committee should conduct its inquiry in three subject areas:

- (a) to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;
- (b) to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;

- (c) to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee should have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon resumption of meetings of the House, the chairman of the committee should bring such reports before the House in accordance with the Standing Orders;

That the committee should have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to the approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee should have authority to adjourn from place to place in Ontario, and a full Hansard service should be provided for the committee. *June 8, 1988.*

42. *Mr Jackson*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs shall ensure that for the 7 (seven) weekdays preceding the last day for filing applications for revision of the preliminary elector list for the November municipal elections, a municipal elections enumeration officer is posted in a conspicuous location at each community college, university and polytechnical institution in Ontario for the purpose of enumerating students for the municipal elections. *October 17, 1988.*
46. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that the tragic death of Lester Donaldson this past summer has once again brought into question the issue of race relations and the criminal justice system, and recognizing that this issue was previously dealt with following the tragic death of Albert Johnson several years ago, and recognizing the importance of both equality before the law and the public perception of equality before the law, the Attorney General immediately should refer the issue of race relations and the criminal justice system to the Standing Committee on Administration of Justice for public hearings, review and recommendations. *October 18, 1988.*
57. *Mr Chiarelli*—Resolution—That, in the opinion of this House, the Government of Ontario should consider the following in its consultative constitutional process:

The promotion of an amendment to the Canadian Constitution adding a subsection (6) to Section 33 of the *Constitution Act 1982* to give to the Parliament of Canada and to any Province the option to *permanently* render inoperative within its jurisdiction the “Notwithstanding Provision”, and that if such an amendment were made to the Canadian Constitution the Government of Ontario would as soon as practicable, permanently opt out of the right to use the “Notwithstanding Clause” and would further encourage the Parliament of Canada and all other Provinces to do likewise.

2. To refer to the Ontario Court of Appeal an appropriate question to determine if federal power of disallowance as set out in Section 90 of the *Constitution Act, 1867* (The B.N.A. Act) is a subsisting and usable power for the Parliament of Canada or is it a power rendered inoperative by constitutional convention and, if such power is a subsisting and usable power for the Parliament of Canada, can the power be used by Parliament to disallow a provincial statute, law, regulation or provision which has the effect of depriving any individual or legal entity of basic and fundamental human rights and freedoms. *January 10, 1989.*

## PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *November 10, 1987.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *November 10, 1987.*
4. *Mr Morin-Strom*—Resolution—That, in the opinion of this House, recognizing the importance of the TransCanada Highway to our nation and to our province, the government of Ontario should upgrade the TransCanada Highway to a modern four-lane system through Northern Ontario to the Manitoba border, and that the government should immediately commence design and schedule construction to ensure completion across Northern Ontario by 1997. *November 18, 1987.*
9. *Mr Wildman*—Resolution—That, in the opinion of this House, the plans of the Canada Post Corporation to close, amalgamate or franchise many rural post offices and to eliminate or tender rural route services in order to reduce its operating deficit would reduce essential mail services from many rural Ontario communities, causing severe hardship and inconvenience to rural Ontarians, particularly the elderly and disabled; the Government of Ontario should urge the Government of Canada to halt, immediately, these plans to cut service and maintain and improve rural postal services across Ontario. *December 8, 1987.*
12. *Mr Runciman*—Resolution—That, in the opinion of this House, recognizing that there have been twenty-eight bank branch closures across Ontario between 1982 and 1986 which have left many small communities without adequate banking services, the Government of Ontario should review all requests for satellite banking services and establish Province of Ontario Savings Offices in those areas where population levels demonstrate a need for them and where financial benefit can be determined. *December 15, 1987.*
13. *Mr Sterling*—Resolution—That, in the opinion of this House, recognizing the devastating and lethal impact of tobacco on the health of our citizenry, and

recognizing the tobacco industry's attempt to advertise in a manner designed to undermine the health warnings of its hazardous product, the Government of Ontario should pursue every opportunity to express its support for the Federal Government's initiative, Bill C-51, the *Tobacco Products Control Act*, An Act to prohibit the advertising and promotion and respecting the labelling and monitoring of tobacco products. *December 15, 1987.*

23. *Mr Runciman*—Resolution—That, in the opinion of this House, the Premier of Ontario should institute a system whereby any supplementary appropriations approved by Management Board of Cabinet are referred within 15 days of approval to the Standing Committee on Public Accounts for its consideration. *April 18, 1988.*
28. *Mrs Marland*—Resolution—That, in the opinion of this House, the government's MISA program, which only covers companies dumping industrial effluent directly into the province's waterways, should be extended to now include the additional 97.5 per cent of water polluters in this province that are dumping into the province's municipal sewer systems. *May 9, 1988.*
30. *Mrs Marland*—Resolution—That, in the opinion of this House, the Government of Ontario should designate municipal waste disposal as a matter of "provincial interest" under Section 2 of the Planning Act, 1983; and that the Government should establish regional waste management councils for the purpose of co-ordinating regional waste management strategies and assisting Municipalities in dealing, on a long-term and co-operative basis, with the current municipal waste management crisis in Ontario. *May 11, 1988.*
35. *Mr Brandt*—Resolution—That, in the opinion of this House, this Legislature should pay special tribute to the Armenian people of Ontario on the 100th anniversary of their arrival in Canada and the 70th anniversary of the Armenian republic; and this Legislature, on behalf of the people of Ontario, applauds the unique contribution of the Armenian community to the multicultural fabric of our society; furthermore, this Legislature respectfully remembers the thousands of Armenians killed at the beginning of this century and the suffering experienced by the Armenian people as a result of this atrocity. *May 19, 1988.*
36. *Mr Jackson*—Resolution—That the Standing Committee on Social Development be directed to consider and report to the House by November 30, 1988 on the problem of sexual assault in the province;

That the committee shall conduct its inquiry in three phases:

- a) In the first phase, to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;

- b) In the second phase, to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;
- c) And in the third phase, to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon the resumption of meetings of the House, the chairman of the committee shall bring such reports before the House in accordance with the Standing Orders;

That the committee have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee shall have authority to adjourn from place to place in Ontario, and a full Hansard service shall be provided for the committee. *May 25, 1988.*

- 38. *Mr Runciman*—Resolution—That, in the opinion of this House, the Government should introduce legislation applying guidelines similar to the cabinet conflict of interest guidelines and that this legislation should be applicable to senior civil servants. *May 26, 1988.*
- 39. *Mr Jackson*—Resolution—That, in the opinion of this House, the Standing Committee on Social Development or some other committee should be directed to consider and report to the House on the problem of sexual assault in the province;

That, working with the Ontario Women's Directorate, the committee should conduct its inquiry in three subject areas:

- (a) to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;
- (b) to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;

- (c) to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee should have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon resumption of meetings of the House, the chairman of the committee should bring such reports before the House in accordance with the Standing Orders;

That the committee should have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to the approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee should have authority to adjourn from place to place in Ontario, and a full Hansard service should be provided for the committee. *June 8, 1988.*

42. *Mr Jackson*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs shall ensure that for the 7 (seven) weekdays preceding the last day for filing applications for revision of the preliminary elector list for the November municipal elections, a municipal elections enumeration officer is posted in a conspicuous location at each community college, university and polytechnical institution in Ontario for the purpose of enumerating students for the municipal elections. *October 17, 1988.*
46. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that the tragic death of Lester Donaldson this past summer has once again brought into question the issue of race relations and the criminal justice system, and recognizing that this issue was previously dealt with following the tragic death of Albert Johnson several years ago, and recognizing the importance of both equality before the law and the public perception of equality before the law, the Attorney General immediately should refer the issue of race relations and the criminal justice system to the Standing Committee on Administration of Justice for public hearings, review and recommendations. *October 18, 1988.*
57. *Mr Chiarelli*—Resolution—That, in the opinion of this House, the Government of Ontario should consider the following in its consultative constitutional process:
1. The promotion of an amendment to the Canadian Constitution adding a subsection (6) to Section 33 of the *Constitution Act 1982* to give to the Parliament of Canada and to any Province the option to *permanently* render inoperative within its jurisdiction the “Notwithstanding Provision”, and that if such an amendment were made to the Canadian Constitution the Government of Ontario would as soon as practicable, permanently opt out of the right to use the “Notwithstanding Clause” and would further encourage the Parliament of Canada and all other Provinces to do likewise.

2. To refer to the Ontario Court of Appeal an appropriate question to determine if federal power of disallowance as set out in Section 90 of the *Constitution Act, 1867* (The B.N.A. Act) is a subsisting and usable power for the Parliament of Canada or is it a power rendered inoperative by constitutional convention and, if such power is a subsisting and usable power for the Parliament of Canada, can the power be used by Parliament to disallow a provincial statute, law, regulation or provision which has the effect of depriving any individual or legal entity of basic and fundamental human rights and freedoms. *January 10, 1989.*
58. *Mr Mahoney*—Resolution—That, in the opinion of this House, recognizing the ever increasing costs associated with the hospital care and the alternative of community-based health services, the Government of Ontario should encourage the formation of community-based health centres similar to the health centre in Sault Ste. Marie, Ontario, whereby the Corporate Sector and the Labour movement, along with local Health Boards and community groups as well as the Ministry of Health work together to establish such community-based facilities. *January 11, 1989.*
  59. *Mr Neumann*—Resolution—That, in the opinion of this House, recognizing the critical importance of the Brundtland Report of the World Commission on Environment and Development, Our Common Future, this House commends the Government of Ontario for its active participation on the National Task Force on the Environment and the Economy, and for establishing the Ontario Round Table on Environment and the Economy to develop a provincial sustainable development strategy, therefore, the Government of Ontario should continue these efforts, and:
    1. conduct a thorough review of its programs, policies and practices to ensure that the concept of sustainable development is applied within all areas of Ontario Government decision-making; and,
    2. implement a procedure for reviewing, on an annual basis, the progress made by all ministries, boards and crown corporations in applying the concept of sustainable development within their areas of responsibility. *January 19, 1989.*
  60. *Mr Campbell*—Resolution—That, in the opinion of this House, the Ministry of Northern Development, the Ministry of Mines and the Ministry of Culture and Communications should be encouraged to support Northern Ontario artists and cultural groups who seek to more fully access the Southern Ontario market, thereby offering all residents of our province an opportunity to appreciate the great diversity, beauty and talent of the North. *January 19, 1989.* / Que, de l'avis de cette Chambre, le Gouvernement devrait encourager le ministère du Développement du Nord, le ministère des Mines et le ministère de la Culture et des Communications à soutenir les artistes et les groupes culturels du nord de l'Ontario qui désirent avoir un plus grand accès aux marchés du sud de l'Ontario et ainsi de permettre à tous les habitants de notre province d'apprécier la grande diversité et la beauté des oeuvres de nos talentueux artistes du Nord. *le 23 janvier 1989.*

61. *Mr Callahan*—Resolution—That, in the opinion of this House, the Minister Responsible for Senior Citizens' Affairs should establish an internship program for those retired persons who wish to volunteer their acquired skills and knowledge for use in any area of government where such expertise may be needed and to accomplish such purpose a directory of such retirees and their skills should be set up and maintained through the Ministry. *January 25, 1989.*

## NOTICES

## GOVERNMENT MOTIONS

  20. *Debated January 23, 24 and 25, 1989.*
- 

MOTION OF NON CONFIDENCE  
UNDER STANDING ORDER 70 (a)

4. *Mr Brandt—Notice—That the Government lacks the confidence of the House because of its failure to maintain a quality health care system, which the people of Ontario have come to expect, resulting in the increased suffering and mortality of patients, the closing of hospital beds, the increased waiting lists for health services forcing more citizens to seek health care outside the province, the deterioration in the cooperation between the government and health care providers in the province, and the frustration of all persons involved in health care in Ontario because of this government's lack of planning and setting of priorities for capital expansion and improvements, lack of leadership in developing adequate support and funding to facilitate a more community-based approach to health care delivery, lack of action in reforming the OHIP system, and systematic attempts to blame everyone else for the problems in the health care system. January 26, 1989.*

## PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *November 10, 1987.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *November 10, 1987.*
4. *Mr Morin-Strom*—Resolution—That, in the opinion of this House, recognizing the importance of the TransCanada Highway to our nation and to our province, the government of Ontario should upgrade the TransCanada Highway to a modern four-lane system through Northern Ontario to the Manitoba border, and that the government should immediately commence design and schedule construction to ensure completion across Northern Ontario by 1997. *November 18, 1987.*
9. *Mr Wildman*—Resolution—That, in the opinion of this House, the plans of the Canada Post Corporation to close, amalgamate or franchise many rural post offices and to eliminate or tender rural route services in order to reduce its operating deficit would reduce essential mail services from many rural Ontario communities, causing severe hardship and inconvenience to rural Ontarians, particularly the elderly and disabled; the Government of Ontario should urge the Government of Canada to halt, immediately, these plans to cut service and maintain and improve rural postal services across Ontario. *December 8, 1987.*
12. *Mr Runciman*—Resolution—That, in the opinion of this House, recognizing that there have been twenty-eight bank branch closures across Ontario between 1982 and 1986 which have left many small communities without adequate banking services, the Government of Ontario should review all requests for satellite banking services and establish Province of Ontario Savings Offices in those areas where population levels demonstrate a need for them and where financial benefit can be determined. *December 15, 1987.*
13. *Mr Sterling*—Resolution—That, in the opinion of this House, recognizing the devastating and lethal impact of tobacco on the health of our citizenry, and

recognizing the tobacco industry's attempt to advertise in a manner designed to undermine the health warnings of its hazardous product, the Government of Ontario should pursue every opportunity to express its support for the Federal Government's initiative, Bill C-51, the *Tobacco Products Control Act*, An Act to prohibit the advertising and promotion and respecting the labelling and monitoring of tobacco products. *December 15, 1987.*

23. *Mr Runciman*—Resolution—That, in the opinion of this House, the Premier of Ontario should institute a system whereby any supplementary appropriations approved by Management Board of Cabinet are referred within 15 days of approval to the Standing Committee on Public Accounts for its consideration. *April 18, 1988.*
28. *Mrs Marland*—Resolution—That, in the opinion of this House, the government's MISA program, which only covers companies dumping industrial effluent directly into the province's waterways, should be extended to now include the additional 97.5 per cent of water polluters in this province that are dumping into the province's municipal sewer systems. *May 9, 1988.*
30. *Mrs Marland*—Resolution—That, in the opinion of this House, the Government of Ontario should designate municipal waste disposal as a matter of "provincial interest" under Section 2 of the Planning Act, 1983; and that the Government should establish regional waste management councils for the purpose of co-ordinating regional waste management strategies and assisting Municipalities in dealing, on a long-term and co-operative basis, with the current municipal waste management crisis in Ontario. *May 11, 1988.*
35. *Mr Brandt*—Resolution—That, in the opinion of this House, this Legislature should pay special tribute to the Armenian people of Ontario on the 100th anniversary of their arrival in Canada and the 70th anniversary of the Armenian republic; and this Legislature, on behalf of the people of Ontario, applauds the unique contribution of the Armenian community to the multicultural fabric of our society; furthermore, this Legislature respectfully remembers the thousands of Armenians killed at the beginning of this century and the suffering experienced by the Armenian people as a result of this atrocity. *May 19, 1988.*
36. *Mr Jackson*—Resolution—That the Standing Committee on Social Development be directed to consider and report to the House by November 30, 1988 on the problem of sexual assault in the province;

That the committee shall conduct its inquiry in three phases:

- a) In the first phase, to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;

MOTION OF NON-CONFIDENCE  
UNDER STANDING ORDER 70 (a)

4. *Mr Brandt*—Notice—That the Government lacks the confidence of the House because of its failure to maintain a quality health care system, which the people of Ontario have come to expect, resulting in the increased suffering and mortality of patients, the closing of hospital beds, the increased waiting lists for health services forcing more citizens to seek health care outside the province, the deterioration in the cooperation between the government and health care providers in the province, and the frustration of all persons involved in health care in Ontario because of this government's lack of planning and setting of priorities for capital expansion and improvements, lack of leadership in developing adequate support and funding to facilitate a more community-based approach to health care delivery, lack of action in reforming the OHIP system, and systematic attempts to blame everyone else for the problems in the health care system. *January 26, 1989.*

## PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *November 10, 1987.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *November 10, 1987.*
4. *Mr Morin-Strom*—Resolution—That, in the opinion of this House, recognizing the importance of the TransCanada Highway to our nation and to our province, the government of Ontario should upgrade the TransCanada Highway to a modern four-lane system through Northern Ontario to the Manitoba border, and that the government should immediately commence design and schedule construction to ensure completion across Northern Ontario by 1997. *November 18, 1987.*
9. *Mr Wildman*—Resolution—That, in the opinion of this House, the plans of the Canada Post Corporation to close, amalgamate or franchise many rural post offices and to eliminate or tender rural route services in order to reduce its operating deficit would reduce essential mail services from many rural Ontario communities, causing severe hardship and inconvenience to rural Ontarians, particularly the elderly and disabled; the Government of Ontario should urge the Government of Canada to halt, immediately, these plans to cut service and maintain and improve rural postal services across Ontario. *December 8, 1987.*
12. *Mr Runciman*—Resolution—That, in the opinion of this House, recognizing that there have been twenty-eight bank branch closures across Ontario between 1982 and 1986 which have left many small communities without adequate banking services, the Government of Ontario should review all requests for satellite banking services and establish Province of Ontario Savings Offices in those areas where population levels demonstrate a need for them and where financial benefit can be determined. *December 15, 1987.*
13. *Mr Sterling*—Resolution—That, in the opinion of this House, recognizing the devastating and lethal impact of tobacco on the health of our citizenry, and

recognizing the tobacco industry's attempt to advertise in a manner designed to undermine the health warnings of its hazardous product, the Government of Ontario should pursue every opportunity to express its support for the Federal Government's initiative, Bill C-51, the *Tobacco Products Control Act*, An Act to prohibit the advertising and promotion and respecting the labelling and monitoring of tobacco products. *December 15, 1987.*

23. *Mr Runciman*—Resolution—That, in the opinion of this House, the Premier of Ontario should institute a system whereby any supplementary appropriations approved by Management Board of Cabinet are referred within 15 days of approval to the Standing Committee on Public Accounts for its consideration. *April 18, 1988.*
28. *Mrs Marland*—Resolution—That, in the opinion of this House, the government's MISA program, which only covers companies dumping industrial effluent directly into the province's waterways, should be extended to now include the additional 97.5 per cent of water polluters in this province that are dumping into the province's municipal sewer systems. *May 9, 1988.*
30. *Mrs Marland*—Resolution—That, in the opinion of this House, the Government of Ontario should designate municipal waste disposal as a matter of "provincial interest" under Section 2 of the Planning Act, 1983; and that the Government should establish regional waste management councils for the purpose of co-ordinating regional waste management strategies and assisting Municipalities in dealing, on a long-term and co-operative basis, with the current municipal waste management crisis in Ontario. *May 11, 1988.*
35. *Mr Brandt*—Resolution—That, in the opinion of this House, this Legislature should pay special tribute to the Armenian people of Ontario on the 100th anniversary of their arrival in Canada and the 70th anniversary of the Armenian republic; and this Legislature, on behalf of the people of Ontario, applauds the unique contribution of the Armenian community to the multicultural fabric of our society; furthermore, this Legislature respectfully remembers the thousands of Armenians killed at the beginning of this century and the suffering experienced by the Armenian people as a result of this atrocity. *May 19, 1988.*
36. *Mr Jackson*—Resolution—That the Standing Committee on Social Development be directed to consider and report to the House by November 30, 1988 on the problem of sexual assault in the province;

That the committee shall conduct its inquiry in three phases:

- a) In the first phase, to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;

- b) In the second phase, to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;
- c) And in the third phase, to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon the resumption of meetings of the House, the chairman of the committee shall bring such reports before the House in accordance with the Standing Orders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee shall have authority to adjourn from place to place in Ontario, and a full Hansard service shall be provided for the committee. *May 25, 1988.*

- 38. *Mr Runciman*—Resolution—That, in the opinion of this House, the Government should introduce legislation applying guidelines similar to the cabinet conflict of interest guidelines and that this legislation should be applicable to senior civil servants. *May 26, 1988.*
- 39. *Mr Jackson*—Resolution—That, in the opinion of this House, the Standing Committee on Social Development or some other committee should be directed to consider and report to the House on the problem of sexual assault in the province;

That, working with the Ontario Women's Directorate, the committee should conduct its inquiry in three subject areas:

- (a) to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;
- (b) to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;

- (c) to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee should have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon resumption of meetings of the House, the chairman of the committee should bring such reports before the House in accordance with the Standing Orders;

That the committee should have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to the approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee should have authority to adjourn from place to place in Ontario, and a full Hansard service should be provided for the committee. *June 8, 1988.*

- 46. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that the tragic death of Lester Donaldson this past summer has once again brought into question the issue of race relations and the criminal justice system, and recognizing that this issue was previously dealt with following the tragic death of Albert Johnson several years ago, and recognizing the importance of both equality before the law and the public perception of equality before the law, the Attorney General immediately should refer the issue of race relations and the criminal justice system to the Standing Committee on Administration of Justice for public hearings, review and recommendations. *October 18, 1988.*

MOTION OF NON-CONFIDENCE  
UNDER STANDING ORDER 70 (a)

4. *Mr Brandt*—Notice—That the Government lacks the confidence of the House because of its failure to maintain a quality health care system, which the people of Ontario have come to expect, resulting in the increased suffering and mortality of patients, the closing of hospital beds, the increased waiting lists for health services forcing more citizens to seek health care outside the province, the deterioration in the cooperation between the government and health care providers in the province, and the frustration of all persons involved in health care in Ontario because of this government's lack of planning and setting of priorities for capital expansion and improvements, lack of leadership in developing adequate support and funding to facilitate a more community-based approach to health care delivery, lack of action in reforming the OHIP system, and systematic attempts to blame everyone else for the problems in the health care system. *January 26, 1989.*
  5. *Mr Rae (York South)*—Notice—That the Government lacks the confidence of the House because of its failure to address in any meaningful way the crisis in the supply of nurses within the health care system, both with regard to the recruitment of adequate numbers of people and the retention of nursing professionals within the system, which follows from the unwillingness to address structural issues about the role, responsibilities, respect for and compensation of nurses, the result being that people in Ontario who need hip and knee replacements in order to retain their mobility and the chance to live independently outside institutions are forced to wait many months to get them, thousands of people—including children—needing heart surgery are forced to wait through months of being scheduled, cancelled and re-scheduled for the surgery they need, and because hospital emergency departments (for lack of nurses) are forced to restrict non-critical admissions, patients seeking emergency care often have to travel considerable distances to find an emergency department that will see them for treatment. *January 31, 1989.*

## PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *November 10, 1987.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *November 10, 1987.*
4. *Mr Morin-Strom*—Resolution—That, in the opinion of this House, recognizing the importance of the TransCanada Highway to our nation and to our province, the government of Ontario should upgrade the TransCanada Highway to a modern four-lane system through Northern Ontario to the Manitoba border, and that the government should immediately commence design and schedule construction to ensure completion across Northern Ontario by 1997. *November 18, 1987.*
9. *Mr Wildman*—Resolution—That, in the opinion of this House, the plans of the Canada Post Corporation to close, amalgamate or franchise many rural post offices and to eliminate or tender rural route services in order to reduce its operating deficit would reduce essential mail services from many rural Ontario communities, causing severe hardship and inconvenience to rural Ontarians, particularly the elderly and disabled; the Government of Ontario should urge the Government of Canada to halt, immediately, these plans to cut service and maintain and improve rural postal services across Ontario. *December 8, 1987.*
12. *Mr Runciman*—Resolution—That, in the opinion of this House, recognizing that there have been twenty-eight bank branch closures across Ontario between 1982 and 1986 which have left many small communities without adequate banking services, the Government of Ontario should review all requests for satellite banking services and establish Province of Ontario Savings Offices in those areas where population levels demonstrate a need for them and where financial benefit can be determined. *December 15, 1987.*
13. *Mr Sterling*—Resolution—That, in the opinion of this House, recognizing the devastating and lethal impact of tobacco on the health of our citizenry, and

recognizing the tobacco industry's attempt to advertise in a manner designed to undermine the health warnings of its hazardous product, the Government of Ontario should pursue every opportunity to express its support for the Federal Government's initiative, Bill C-51, the *Tobacco Products Control Act*, An Act to prohibit the advertising and promotion and respecting the labelling and monitoring of tobacco products. *December 15, 1987.*

23. *Mr Runciman*—Resolution—That, in the opinion of this House, the Premier of Ontario should institute a system whereby any supplementary appropriations approved by Management Board of Cabinet are referred within 15 days of approval to the Standing Committee on Public Accounts for its consideration. *April 18, 1988.*
28. *Mrs Marland*—Resolution—That, in the opinion of this House, the government's MISA program, which only covers companies dumping industrial effluent directly into the province's waterways, should be extended to now include the additional 97.5 per cent of water polluters in this province that are dumping into the province's municipal sewer systems. *May 9, 1988.*
30. *Mrs Marland*—Resolution—That, in the opinion of this House, the Government of Ontario should designate municipal waste disposal as a matter of "provincial interest" under Section 2 of the Planning Act, 1983; and that the Government should establish regional waste management councils for the purpose of co-ordinating regional waste management strategies and assisting Municipalities in dealing, on a long-term and co-operative basis, with the current municipal waste management crisis in Ontario. *May 11, 1988.*
35. *Mr Brandt*—Resolution—That, in the opinion of this House, this Legislature should pay special tribute to the Armenian people of Ontario on the 100th anniversary of their arrival in Canada and the 70th anniversary of the Armenian republic; and this Legislature, on behalf of the people of Ontario, applauds the unique contribution of the Armenian community to the multicultural fabric of our society; furthermore, this Legislature respectfully remembers the thousands of Armenians killed at the beginning of this century and the suffering experienced by the Armenian people as a result of this atrocity. *May 19, 1988.*
36. *Mr Jackson*—Resolution—That the Standing Committee on Social Development be directed to consider and report to the House by November 30, 1988 on the problem of sexual assault in the province;

That the committee shall conduct its inquiry in three phases:

- a) In the first phase, to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;

- b) In the second phase, to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;
- c) And in the third phase, to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon the resumption of meetings of the House, the chairman of the committee shall bring such reports before the House in accordance with the Standing Orders;

That the committee have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee shall have authority to adjourn from place to place in Ontario, and a full Hansard service shall be provided for the committee. *May 25, 1988.*

- 38. *Mr Runciman*—Resolution—That, in the opinion of this House, the Government should introduce legislation applying guidelines similar to the cabinet conflict of interest guidelines and that this legislation should be applicable to senior civil servants. *May 26, 1988.*
- 39. *Mr Jackson*—Resolution—That, in the opinion of this House, the Standing Committee on Social Development or some other committee should be directed to consider and report to the House on the problem of sexual assault in the province;

That, working with the Ontario Women's Directorate, the committee should conduct its inquiry in three subject areas:

- (a) to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;
- (b) to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;

- (c) to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee should have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon resumption of meetings of the House, the chairman of the committee should bring such reports before the House in accordance with the Standing Orders;

That the committee should have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to the approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee should have authority to adjourn from place to place in Ontario, and a full Hansard service should be provided for the committee. *June 8, 1988.*

- 42. *Mr Jackson*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs shall ensure that for the 7 (seven) weekdays preceding the last day for filing applications for revision of the preliminary elector list for the November municipal elections, a municipal elections enumeration officer is posted in a conspicuous location at each community college, university and polytechnical institution in Ontario for the purpose of enumerating students for the municipal elections. *October 17, 1988.*
- 46. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that the tragic death of Lester Donaldson this past summer has once again brought into question the issue of race relations and the criminal justice system, and recognizing that this issue was previously dealt with following the tragic death of Albert Johnson several years ago, and recognizing the importance of both equality before the law and the public perception of equality before the law, the Attorney General immediately should refer the issue of race relations and the criminal justice system to the Standing Committee on Administration of Justice for public hearings, review and recommendations. *October 18, 1988.*
- 59. *Mr Neumann*—Resolution—That, in the opinion of this House, recognizing the critical importance of the Brundtland Report of the World Commission on Environment and Development, Our Common Future, this House commends the Government of Ontario for its active participation on the National Task Force on the Environment and the Economy, and for establishing the Ontario Round Table on Environment and the Economy to develop a provincial sustainable development strategy, therefore, the Government of Ontario should continue these efforts, and:

2. implement a procedure for reviewing, on an annual basis, the progress made by all ministries, boards and crown corporations in applying the concept of sustainable development within their areas of responsibility. *January 19, 1989.*

Ballot Item No. 60—*To be debated on Thursday, February 2, 1989.*

*Mr Neumann*—Resolution—That, in the opinion of this House, recognizing the critical importance of the Brundtland Report of the World Commission on Environment and Development, Our Common Future, this House commends the Government of Ontario for its active participation on the National Task Force on the Environment and the Economy, and for establishing the Ontario Round Table on Environment and the Economy to develop a provincial sustainable development strategy, therefore, the Government of Ontario should continue these efforts, and:

1. conduct a thorough review of its programs, policies and practices to ensure that the concept of sustainable development is applied within all areas of Ontario Government decision-making; and,
2. implement a procedure for reviewing, on an annual basis, the progress made by all ministries, boards and crown corporations in applying the concept of sustainable development within their areas of responsibility.

Ballot Item No. 62—*To be debated on Thursday, February 9, 1989.*

*Mrs Fawcett*—Resolution—That, in the opinion of this House, recognizing that Conservation Authorities provide the people of Ontario with water management, many other resource management programs, and outdoor recreational opportunities, and also recognizing that the use of dirt bikes and all terrain vehicles are not compatible with the aforementioned functions of Conservation Authorities, the Government of Ontario through the Minister of Natural Resources should bring forward legislation to prohibit the use of all such vehicles on Conservation Authorities lands.

## NOTICES

### GOVERNMENT MOTION

11. *Debated April 25, 26, 27, 28; May 4, 5, 9, 19, 30; and June 2, 1988.*
- 

### MOTION OF NON-CONFIDENCE UNDER STANDING ORDER 70 (a)

4. *Mr Brandt*—Notice—That the Government lacks the confidence of the House because of its failure to maintain a quality health care system, which the people of Ontario have come to expect, resulting in the increased suffering and mortality of patients, the closing of hospital beds, the increased waiting lists for health services forcing more citizens to seek health care outside the province, the deterioration in the cooperation between the government and health care providers in the province, and the frustration of all persons involved in health care in Ontario because of this government's lack of planning and setting of priorities for capital expansion and improvements, lack of leadership in developing adequate support and funding to facilitate a more community-based approach to health care delivery, lack of action in reforming the OHIP system, and systematic attempts to blame everyone else for the problems in the health care system. *January 26, 1989.*
5. *Mr Rae* (York South)—Notice—That the Government lacks the confidence of the House because of its failure to address in any meaningful way the crisis in the supply of nurses within the health care system, both with regard to the recruitment of adequate numbers of people and the retention of nursing professionals within the system, which follows from the unwillingness to address structural issues about the role, responsibilities, respect for and compensation of nurses, the result being that people in Ontario who need hip and knee replacements in order to retain their mobility and the chance to live independently outside institutions are forced to wait many months to get them, thousands of people—including children—needing heart surgery are forced to wait through months of being scheduled, cancelled and re-scheduled for the surgery they need, and because hospital emergency departments (for lack of nurses) are forced to restrict non-critical admissions, patients seeking emergency care often have to travel considerable distances to find an emergency department that will see them for treatment. *January 31, 1989.*

## PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *November 10, 1987.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *November 10, 1987.*
4. *Mr Morin-Strom*—Resolution—That, in the opinion of this House, recognizing the importance of the TransCanada Highway to our nation and to our province, the government of Ontario should upgrade the TransCanada Highway to a modern four-lane system through Northern Ontario to the Manitoba border, and that the government should immediately commence design and schedule construction to ensure completion across Northern Ontario by 1997. *November 18, 1987.*
9. *Mr Wildman*—Resolution—That, in the opinion of this House, the plans of the Canada Post Corporation to close, amalgamate or franchise many rural post offices and to eliminate or tender rural route services in order to reduce its operating deficit would reduce essential mail services from many rural Ontario communities, causing severe hardship and inconvenience to rural Ontarians, particularly the elderly and disabled; the Government of Ontario should urge the Government of Canada to halt, immediately, these plans to cut service and maintain and improve rural postal services across Ontario. *December 8, 1987.*
12. *Mr Runciman*—Resolution—That, in the opinion of this House, recognizing that there have been twenty-eight bank branch closures across Ontario between 1982 and 1986 which have left many small communities without adequate banking services, the Government of Ontario should review all requests for satellite banking services and establish Province of Ontario Savings Offices in those areas where population levels demonstrate a need for them and where financial benefit can be determined. *December 15, 1987.*
13. *Mr Sterling*—Resolution—That, in the opinion of this House, recognizing the devastating and lethal impact of tobacco on the health of our citizenry, and

recognizing the tobacco industry's attempt to advertise in a manner designed to undermine the health warnings of its hazardous product, the Government of Ontario should pursue every opportunity to express its support for the Federal Government's initiative, Bill C-51, the *Tobacco Products Control Act*, An Act to prohibit the advertising and promotion and respecting the labelling and monitoring of tobacco products. *December 15, 1987.*

23. *Mr Runciman*—Resolution—That, in the opinion of this House, the Premier of Ontario should institute a system whereby any supplementary appropriations approved by Management Board of Cabinet are referred within 15 days of approval to the Standing Committee on Public Accounts for its consideration. *April 18, 1988.*
28. *Mrs Marland*—Resolution—That, in the opinion of this House, the government's MISA program, which only covers companies dumping industrial effluent directly into the province's waterways, should be extended to now include the additional 97.5 per cent of water polluters in this province that are dumping into the province's municipal sewer systems. *May 9, 1988.*
30. *Mrs Marland*—Resolution—That, in the opinion of this House, the Government of Ontario should designate municipal waste disposal as a matter of "provincial interest" under Section 2 of the Planning Act, 1983; and that the Government should establish regional waste management councils for the purpose of co-ordinating regional waste management strategies and assisting Municipalities in dealing, on a long-term and co-operative basis, with the current municipal waste management crisis in Ontario. *May 11, 1988.*
35. *Mr Brandt*—Resolution—That, in the opinion of this House, this Legislature should pay special tribute to the Armenian people of Ontario on the 100th anniversary of their arrival in Canada and the 70th anniversary of the Armenian republic; and this Legislature, on behalf of the people of Ontario, applauds the unique contribution of the Armenian community to the multicultural fabric of our society; furthermore, this Legislature respectfully remembers the thousands of Armenians killed at the beginning of this century and the suffering experienced by the Armenian people as a result of this atrocity. *May 19, 1988.*
36. *Mr Jackson*—Resolution—That the Standing Committee on Social Development be directed to consider and report to the House by November 30, 1988 on the problem of sexual assault in the province;

That the committee shall conduct its inquiry in three phases:

- a) In the first phase, to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;

- b) In the second phase, to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;
- c) And in the third phase, to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon the resumption of meetings of the House, the chairman of the committee shall bring such reports before the House in accordance with the Standing Orders;

That the committee have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee shall have authority to adjourn from place to place in Ontario, and a full Hansard service shall be provided for the committee. *May 25, 1988.*

- 38. *Mr Runciman*—Resolution—That, in the opinion of this House, the Government should introduce legislation applying guidelines similar to the cabinet conflict of interest guidelines and that this legislation should be applicable to senior civil servants. *May 26, 1988.*
- 39. *Mr Jackson*—Resolution—That, in the opinion of this House, the Standing Committee on Social Development or some other committee should be directed to consider and report to the House on the problem of sexual assault in the province;

That, working with the Ontario Women's Directorate, the committee should conduct its inquiry in three subject areas:

- (a) to the extent that it is possible to do so within the bounds of provincial jurisdiction, to consider the attitude of the courts, legal institutions and law enforcement agencies toward sexual assault, and their treatment of its victims, and in particular to consider the attitude exhibited, statements made and sentences imposed by judges during sexual assault trials;
- (b) to consider the provision of counselling, support, crisis intervention and other services to the victims of sexual assault, and in particular to consider the funding needs and other needs of non-profit and/or volunteer groups and organizations which provide services to the victims of sexual assault;

- (c) to consider the causes of sexual assault and the prevention thereof, and to consider any other issues related to sexual assault which the committee may deem relevant or wish to consider;

That the committee should have the authority to release its reports during any adjournment or recess between sessions by depositing a copy of the report with the Clerk of the Assembly and upon resumption of meetings of the House, the chairman of the committee should bring such reports before the House in accordance with the Standing Orders;

That the committee should have the authority to sit concurrently with the House and during any adjournment or recess of the House, subject to the approval of the three party House leaders;

And that while the committee is engaged in consideration of the problem of sexual assault in the province, the committee should have authority to adjourn from place to place in Ontario, and a full Hansard service should be provided for the committee. *June 8, 1988.*

42. *Mr Jackson*—Resolution—That, in the opinion of this House, the Minister of Municipal Affairs shall ensure that for the 7 (seven) weekdays preceding the last day for filing applications for revision of the preliminary elector list for the November municipal elections, a municipal elections enumeration officer is posted in a conspicuous location at each community college, university and polytechnical institution in Ontario for the purpose of enumerating students for the municipal elections. *October 17, 1988.*
46. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that the tragic death of Lester Donaldson this past summer has once again brought into question the issue of race relations and the criminal justice system, and recognizing that this issue was previously dealt with following the tragic death of Albert Johnson several years ago, and recognizing the importance of both equality before the law and the public perception of equality before the law, the Attorney General immediately should refer the issue of race relations and the criminal justice system to the Standing Committee on Administration of Justice for public hearings, review and recommendations. *October 18, 1988.*
59. *Mr Neumann*—Resolution—That, in the opinion of this House, recognizing the critical importance of the Brundtland Report of the World Commission on Environment and Development, Our Common Future, this House commends the Government of Ontario for its active participation on the National Task Force on the Environment and the Economy, and for establishing the Ontario Round Table on Environment and the Economy to develop a provincial sustainable development strategy, therefore, the Government of Ontario should continue these efforts, and:

1. conduct a thorough review of its programs, policies and practices to ensure that the concept of sustainable development is applied within all areas of Ontario Government decision-making; and,

2. implement a procedure for reviewing, on an annual basis, the progress made by all ministries, boards and crown corporations in applying the concept of sustainable development within their areas of responsibility. *January 19, 1989.*
60. *Mr Campbell*—Resolution—That, in the opinion of this House, the Ministry of Northern Development, the Ministry of Mines and the Ministry of Culture and Communications should be encouraged to support Northern Ontario artists and cultural groups who seek to more fully access the Southern Ontario market, thereby offering all residents of our province an opportunity to appreciate the great diversity, beauty and talent of the North. *January 19, 1989.* / Que, de l'avis de cette Chambre, le Gouvernement devrait encourager le ministère du Développement du Nord, le ministère des Mines et le ministère de la Culture et des Communications à soutenir les artistes et les groupes culturels du nord de l'Ontario qui désirent avoir un plus grand accès aux marchés du sud de l'Ontario et ainsi de permettre à tous les habitants de notre province d'apprécier la grande diversité et la beauté des oeuvres de nos talentueux artistes du Nord. *le 23 janvier 1989.*

  62. *Mrs Fawcett*—Resolution—That, in the opinion of this House, recognizing that Conservation Authorities provide the people of Ontario with water management, many other resource management programs, and outdoor recreational opportunities, and also recognizing that the use of dirt bikes and all terrain vehicles are not compatible with the aforementioned functions of Conservation Authorities, the Government of Ontario through the Minister of Natural Resources should bring forward legislation to prohibit the use of all such vehicles on Conservation Authorities lands. *January 25, 1989.*
